NURTURING TALENT INTO BUSINESS

Uganda has the youngest population in the world; with 78% being under 35 years.

Sadly, over 65% of youth are unemployed, 53% of businesses they start fail, Female youths are marginalized in education leaving youth in poverty, poor health lacking economic opportunities. Worse still youth are consistently excluded from important decision-making processes that affect them.

Talents Enabling Uganda believes that Youth are a great asset to this nation, their Talents, energy, inspiration and Innovation. Therefore, intentional nurturing of these youth to harness the power of their creativity is the most essential strategy in overcoming their current predicaments.

Our Core Values

1. Young Talents
2. Commitment
3. Honesty
4. Integrity
5. Openness

WHO WE ARE

Talents Enabling Uganda is a social enterprise that envisions Holistically empowered youths; positively engaging in societal development. We seek to create a generation of young people that use their passion, innate strength and skills to create or find work that solves shared pain in their communities.

We train youth to discover and appreciate their natural talents and empower them to translate those talents into creating businesses that

Our Vision:

Holistically empowered youths; positively engaging in societal development.

Our Mission

To train and morally nurture youths to discover and use their natural talents to become entrepreneurs of character.

Our methodology is deeply rooted in the peer-to-peer model, where we deploy trained University graduates in the communities, they interact with grass root women and youth facilitating talents and skills discovery and coaching. They help community members Identify the opportunities within their community that they can solve using their talents.
