

# YOUTH CENTER ZAJECAR

THE LATEST NEWS AND UPDATES

As we have previously reported, due to measures of both local and national governments as well as the increasing number of people infected by the coronavirus in Serbia and Zajecar, Zajecar Initiative was not able to start the winter season in the Youth Center. Thus, doors of the Youth Center remained closed after the end of summer season.

However, we have some good news as well! Spring arrived, good weather too, and it seems that government's measures will be relaxed due to a better epidemiological situation. Thus, the summer garden of the Youth Center will be opened at the end of May! We have already started preparing some activities that will be possible to organise in the existing context. Stay tuned for more information!
