

Leading the way to a brighter future!

The mission of One Heart is to empower rural children and women in the middle Swartland region of the Western Cape of South Africa to reach their full potential in life by improving their social emotional health through counselling and social support.

Our vision is to provide a place of safety and trust which offer initiatives of significance, variety, love, growth and belonging to these children and women.

An initiative is a plan or a process to achieve something or to solve a problem and we have seen many needs and problems in the rural community since we started with our involvement with the multi-grade rural schools.

We have grown in our involvement since 2013, where we started with projects and children's ministry at one of the classrooms to where we have now opened a Family Resource Centre!

The Family Resource Centre is specifically for the rural children, women and families to support them with:

- Christian Counselling
- Children's Ministry
- Women's Ministry
- Social- and Skills development projects
- Victim Empowerment Programs
- Substance Abuse Programs

It is our wish to employ a social worker and substance abuse counsellor to serve the rural community between the Centre, schools and the farms.

We want to invite you to partner with One Heart to see this initiative grow into greatness and give the support to the rural community that is needed.

As a Non Profit Company the challenges are very real to keep the Centre operational and the social services active.

We cannot do this on our own and although we have a sustainability plan, we still need support.

If you feel led, to join us in this calling to support the rural children and women in the middle Swartland, please partner with us.

Sustainability Plan

<http://oneheartcf.org/sustainability-plan/>

1. We offer an international volunteer teacher assistant program at the rural schools and we offer accommodation at a reasonable cost.

<http://oneheartcf.org/volunteer-reviews/>

2. We have our own orchard of about 70 orange trees and we sell the fresh fruit and we produce fruit jams and marmalade. We want to expand with this homebased business and offer entrepreneurship to women without work that can generate an income for themselves and for the organization.

Products

Teaching volunteer how to cook jam

3. We sell Christian branded T-shirts online
<http://www.oneheartchristianclothing.co.za/>
4. We except donated clothing and items and sell them for a profit.
