## **GlobalGiving RECEADIT Mbam Community Health Care Project (29930)**

### **Twenty Third Project Report of Sunday, July 28, 2024**

On behalf of our RECEADIT Humanitarian Team, I take this opportunity to thank you so, so very much for your generosity and willingness to join us and to partnership with us on our journey of serving humanity through the Guidance, the Blessings, the Love and the Grace of God Almighty.

We are glad to provide you with the following progress report and updates for our “Mbam Community Health Care Project (29930)” thanks to your humanitarianism and generosity:

1) For this Twenty Third Project Report, our main focus is on the following: i) our **RECEADIT/ GlobalGiving Partnership, Mbam Community Health Center (See First and Second Illustration Photos)**; ii) the Students of Our RECEADIT Two Year Vocational Training Institute of Management and Health Sciences Program and their End of Program Internship at the PMI Nkwen District Hospital in Bamenda (See Third Illustration Photos); iii) Students of Our RECEADIT Two Year Vocational Training Institute of Management and Health Sciences Program taking their End of Program Final Examinations at the ABEGE Vocational Training Institute in Bamenda (See Fourth, Fifth, Sixth, Seventh and Eighth Illustration Photos) and on those who are grading these Final Examinations (See Ninth Illustration Photos); and iv) our Student Recruitment Flyer for Our RECEADIT Two Year Vocational Training Institute of Management and Health Sciences Program (See Tenth Illustration Photo).

Additionally, the Report concentrates on the following:

a) Vaccination of Children against malaria in these remote, rural communities of Bassamba, Kitchu, Mbam, Muteff and Ngemsibo where our RECEADIT – GlobalGiving Partnership Health Centers are located (See Eleventh, Twelfth, Thirteenth and Fourteenth Illustration Photos);

b) Providing medical assistance, through our Home Visits Program, to members of the Bassamba, Kitchu, Mbam, Muteff and Ngemsibo remote, rural communities where our RECEADIT – GlobalGiving Partnership Health Centers are located (See Fifteenth, Sixteenth, Seventeenth and Eighteenth Illustration Photos); and

c) Providing drugs, medical equipment, food and lodging assistance to members of the Mbam, Kitchu, Bassamba, Muteff and Ngemsibo remote, rural communities where our RECEADIT – GlobalGiving Partnership Health Centers are located (See Nineteenth, Twentieth, Twenty First, Twenty Second and Twenty Third Illustration Photos);

2) Again, as we have reported repeatedly in our previous Project Reports, although we have an Organized, Medical Training Program for all our RECEADIT workers and Our RECEADIT Two Year Vocational Training Institute of Management and Health Sciences Program, we must point out here once more, with lots of regrets and disappointment, that: a) the intensified war keeps interrupting the program; and b) our School of Health, Biomedical and Computer Sciences (SHBCS), as well as all other schools in this part of the country, have not been operational since October 2016 due to the serious, ongoing political crisis and war in Cameroon.

We will continue to provide you with monthly reports and updates of our other projects, activities, accomplishments, and challenges.

We hope that you will continue with us on this our journey of serving humanity through the Guidance, the Blessings, the Love and the Grace of God Almighty, a journey which has taken us to this “Mbam Community Health Care Project” through our new link: <https://goto.gg/29930>

Jilly M. Ngwainmbi, RECEADIT Project Leader
