GlobalGiving RECEADIT Mbam Community Health Care Project (29930)

Twenty Sixth Project Report of Thursday, July 10, 2025

By Dr. Jilly M. Ngwainmbi, Project Leader

On behalf of our RECEADIT Humanitarian Team, I take this opportunity to thank you so, so very much for your generosity and willingness to join us and to partnership with us on our journey of serving humanity through the Guidance, the Blessings, the Love and the Grace of God Almighty.

We are glad to provide you with the following progress report and updates for our “Mbam Community Health Care Project (29930)” thanks to your humanitarianism and generosity:

1) For this Twenty Fifth Project Report, our main focus is going to be on the following: i) Our **RECEADIT/ GlobalGiving Partnership, Mbam Community Health Center (See First and Second Illustration Photos)**; ii) Our New Computer Science and Documentation Program for young Primary School Students within the Mbam Community (**See Third, Fourth and Fifth Illustration Photos**); and iii) Again, Our very challenging Student recruitment efforts for Our RECEADIT Two Year Vocational Training Institute of Management and Health Sciences Program (HIHMS at Mbam and Our New Higher Institute of Health and Management Studies (HIHMS) at Kitchu, Belo (**See Sixth Illustration Photo**);

Additionally, the Report concentrates on the following:

a) Providing drugs, medical equipment, food and lodging assistance to members of the Mbam, Kitchu, Bassamba, Muteff and Ngemsibo remote, rural communities where our RECEADIT – GlobalGiving Partnership Health Centers are located (**See Seventh, Eighth, Ninth, Tenth, Eleventh, and Twelfth Illustration Photos**);

b) Vaccination of Children and adults against malaria in these remote, rural communities of Bassamba, Kitchu, Mbam, Muteff and Ngemsibo where our RECEADIT – GlobalGiving Partnership Health Centers are located (**See Thirteenth, Fourteenth, Fifteenth and Sixteenth Illustration Photos**);

c) Providing medical assistance, through our Home Visits Program, to members of the Muteff and Mbam remote, rural communities where our RECEADIT – GlobalGiving Partnership Health Centers are located and very importantly, providing housing and lodging for our Internally Displaced Fellow Human Beings and classrooms for our students of: a) Our RECEADIT Two Year Vocational Training Institute of Management and Health Sciences Program (HIHMS); and b) Our New Computer Science and Documentation Program for young Primary School Students. (**See Seventeenth, Eighteenth, Nineteenth and Twentieth Illustration Photos**); and

2) Again, as we have reported repeatedly in our previous Project Reports, although we have Organized, Medical Training Programs for all our RECEADIT workers and Our RECEADIT Two Year Vocational Training Institute of Management and Health Sciences Program (VTIMHS) at Mbam and Our New Higher Institute of Health and Management Studies (HIHMS) at Kitchu-Belo, we must point out here once more, with lots of regrets and disappointment, that: a) the intensified war keeps interrupting the programs; and b) our School of Health, Biomedical and Computer Sciences (SHBCS), as well as all other schools in this part of the country, have not been operational systematically and normally since October 2016 due to the serious, ongoing political crisis and war in Cameroon.

We will continue to provide you with monthly reports and updates of our other projects, activities, accomplishments, and challenges.

We hope that you will continue with us on this our journey of serving humanity through the Guidance, the Blessings, the Love and the Grace of God Almighty, a journey which has taken us to this “Mbam Community Health Care Project” through our new link: <https://goto.gg/29930>

Jilly M. Ngwainmbi, RECEADIT Project Leader
