**GlobalGiving RECEADIT Mbam Community Health Care Project (29930)**

**Twenty Ninth Project Report of Sunday June 14, 2026**

**By Dr. Jilly M. Ngwainmbi, Project Leader**

On behalf of our RECEADIT Humanitarian Team, I take this opportunity to thank you so, so very much for your generosity and willingness to join us and to partnership with us on our journey of serving humanity through the Guidance, the Blessings, the Love and the Grace of God Almighty.

We are glad to provide you with the following progress report and updates for our “Mbam Community Health Care Project (29930)” thanks to your humanitarianism and generosity:

1) For this Twenty Ninth Project Report, our main focus is going to be on the following: i) Our **RECEADIT/ GlobalGiving Partnership, Mbam Community Health Center (See First and Second Illustration Photos)**; ii) Our New Computer Science and Documentation Program for young Primary School Students within the Mbam Community (**See Third and Fourth Illustration Photos**); and iii) Again, Our very challenging Student recruitment efforts for Our RECEADIT Two Year Vocational Training Institute of Management and Health Sciences Program (HIHMS at Mbam and Our New Higher Institute of Health and Management Studies (HIHMS) at Kitchu, Belo (**See Third and Fourth Illustration Photos**))

Additionally, the Report concentrates on the following:

a) Providing: i) immediate and prompt medical assistance with our New Ambulance and three new trucks added to the three RECEADIT Bikes and ii) drugs and medical equipment (**See Sixth, Seventh, Eighth and Ninth Illustration Photos**); iii) the construction of our New RECEADIT/ GlobalGiving Partnership, Balaboh Community Health Center (**See Fifth Illustration Photo**);

b) Home visits and Vaccination of Children and adults against Ebola and malaria in these remote, rural communities of Mbam, Muteff and Ngemsibo where our RECEADIT – GlobalGiving Partnership Health Centers are located (**See Tenth and Eleventh Illustration Photos**);

c) Searching and finding ways to provide housing and lodging for our Internally Displaced Fellow Human Beings and classrooms for our students of: a) Our RECEADIT Two Year Vocational Training Institute of Management and Health Sciences Program (HIHMS); and b) Our New Computer Science and Documentation Program for young Primary School Students. (**See Third, Twelfth, Thirteenth, Fourteenth and Fifteenth Illustration Photos**);

2) Again, as we have reported repeatedly in our previous Project Reports, although we have Organized, Medical Training Programs for all our RECEADIT workers and Our RECEADIT Two Year Vocational Training Institute of Management and Health Sciences Program (VTIMHS) at Mbam and Our New Higher Institute of Health and Management Studies (HIHMS) at Kitchu-Belo, we must point out here once more, with lots of regrets and disappointment, that: a) we find it very difficult to find reliable and dependable medical workers; and b) our School of Health, Biomedical and Computer Sciences (SHBCS), as well as all other schools in this part of the country, have not been operational systematically and normally since October 2016.

We will continue to provide you with monthly reports and updates of our other projects, activities, accomplishments, and challenges.

We hope that you will continue with us on this our journey of serving humanity through the Guidance, the Blessings, the Love and the Grace of God Almighty, a journey which has taken us to this “Mbam Community Health Care Project” through our new link: <https://goto.gg/29930>

Jilly M. Ngwainmbi, RECEADIT Project Leader
