Who We are

Action for Women and Children Concern hereinafter referred as “AWCC” or “AWCCSomalia” is a Somali nongovernmental, non political, nonprofit grassroots organization working to eradicate poverty, illiteracy and inequalities and empowering women and children to reach their full potential

Mission

AWCCSomalia mission is to break the social and economic patterns that lead to extreme poverty and hunger with negative effects on women, children and marginalized communities by increasing their access to decent living conditions and family income, and develop the self-reliance to progress to sustainable development.

Vision

A World where no woman or child lives in poverty, fear or oppression, where all communities have access to a decent standards of living and sharing opportunities and choices essential to a long, healthy and sustainable development

What do we do

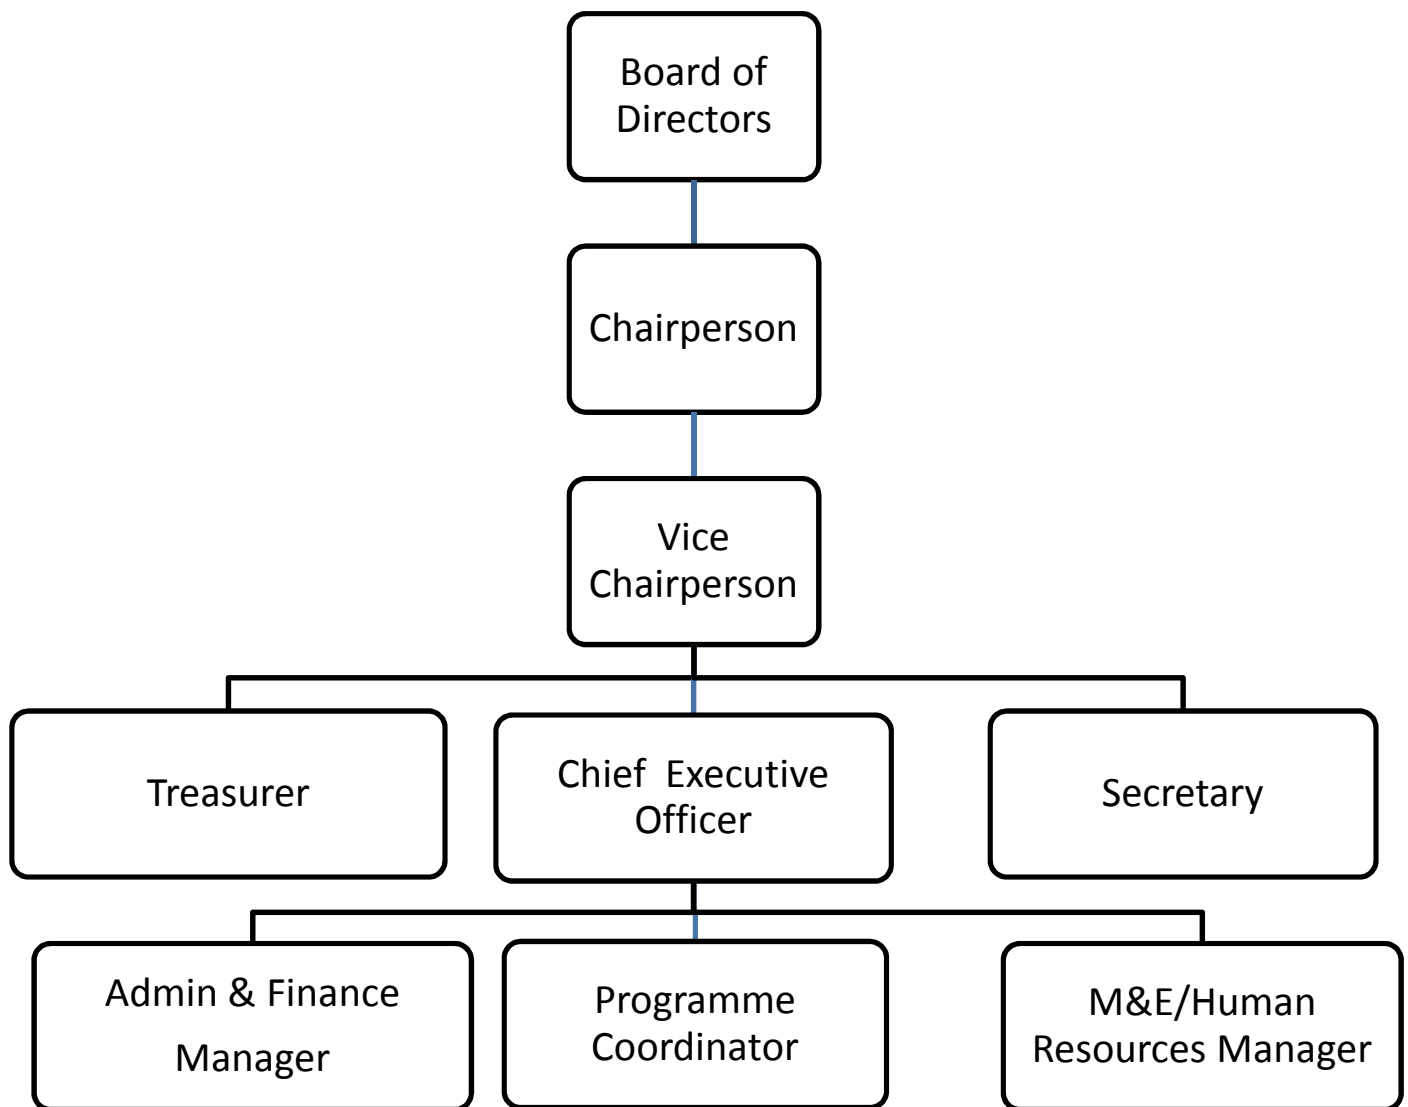

- Support rural communities to engage climate sustainable agriculture
- Enhance the skills of small holder agriculture farmers to increase resiliency and access to food security

- Increase rural communities and urban poor access to free basic primary education
- Work to eradicate gender disparity in education and development to increase gender balanced participation in Somalia's socio economy.

Core Values

- Integrity
- Neutrality
- Respect
- Care
- Solidarity
