December 01 – February 28, 2025

**#AMOR^{POR}
MÉXICO**

I year of work with #LoveForMexico

Thanks to your support, during 2024, our Mobile Medical Units carried out Free Medical Care Days to hard-to-reach communities, offering quality health services. These sessions included general consultations, dental care, diagnostic studies, delivery of medications and health promotion workshops.

December: **We close 2024**

In December, **9,893** people received free medical care through the Mobile Medical Units in **5 states** in Mexico: Campeche, Chiapas, Hidalgo, Puebla, and Tabasco. We remain steadfast in our commitment to provide medical care to the most underserved communities through our Free Medical Care Days.

December: **What people say**

January: **A year to transform lives**

2025 marks the beginning of a year full of opportunities to make a difference. For us, it is not just the passage of time, but the possibility of bringing help and hope to hard-to-reach communities in Mexico.

Thanks to your donations, we have managed to bring medical care and hope to those who need it most. We invite you to continue being part of this **#LoveForMexico** and to continue transforming lives.

January: A year to transform lives

In January, **11,448** people received free medical care through our Mobile Medical Units in **5 states** in Mexico: Campeche, Chiapas, Hidalgo, Puebla, and Tabasco.

Thanks to your support our teamwork, we provided assistance in family medicine, dentistry, nutrition, cancer screenings with mammograms, and health promotion workshops to help communities stay healthy.

February: **World Cancer Day**

February marks World Cancer Day, a day dedicated to raising awareness about the disease and highlighting the importance of its prevention, early detection, and treatment.

Prevention and early diagnosis are essential for fighting cancer. Adopting a healthy lifestyle, maintaining a balanced weight, exercising regularly, and attending regular medical checkups can help reduce your risk and increase your chances of successful treatment.

February: **World Cancer Day**

In February, our Mobile Medical Units provided free medical care to **10,372** people in **5 Mexican states**: Campeche, Chiapas, Hidalgo, Puebla, and Tabasco.

We provide assistance in family medicine, dentistry, nutrition, cancer screenings with mammography, and health promotion workshops to help communities stay healthy.

February: What people say

"I am incredibly grateful for the care I received and look forward to your return."

Carla C. (Name assigned to protect patient's privacy)

"The treatment we received was excellent for the entire community, and I want to express my most sincere and profound gratitude."
