

Project Report

Provide health services in Mexico

August 1 - November 30, 2025

UBGA

UN BUEN GRUPO DE AMIGOS, A.C
FOUNDATION

20 years of shared history: **Thanks to you**

Twenty years ago, Un Buen Grupo de Amigos was founded with the dream of bringing healthcare to those who need it most. Since then, thanks to the dedicated work of our team and the support of partners and donors, we have brought humanitarian aid to communities in 15 states of the Mexican Republic through our Mobile Medical Units. Free Medical Care Days, Mammography Days, and Children's Health Days have enabled thousands of people to receive timely, quality care, reinforcing our commitment to prevention, early diagnosis, and comprehensive health care.

UBGA FOUNDATION

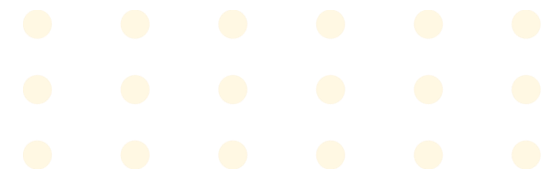

August

Health Promoter Day

- Commitment and dedication every day, supporting those who need it most -

For UBGA, health promoters are indispensable allies in our Free Medical Care Days. We want to express our deep gratitude for their commitment, dedication, and effort, which make it possible to transform the lives of thousands of people and strengthen the right to health as a common good.

August

God bless you” Jesús E.

(Name assigned to protect patient's privacy)

“I hardly go to the doctor, thanks to
you I can get my tests done” Juana R.

(Name assigned to protect patient's privacy)

October

20th anniversary

Bringing **health** to those who need it the most!

- This month we celebrate two decades of continuous work, learning, and closeness with communities-

This anniversary is NOT only a source of pride, but also an impetus to continue growing, innovating, and joining forces so that more families in Mexico have access to dignified and timely care. Thank you for being part of this story and for walking alongside us in building a healthier and more supportive country.

October

November

World Pneumonia Day

- Pneumonia continues to be one of the leading causes of illness in vulnerable groups, so raising awareness of its risks is essential to promoting timely diagnosis -

Through its Mobile Medical Units and Free Medical Care Days, UBGA promotes education, early detection, and vaccination to reduce respiratory complications. In doing so, it reaffirms its commitment to bringing dignified and timely health services to those who need them most.

November
