NEW!

COMING SOON TO THE UBECI FOUNDATION

UBECI HOME

UBECI Home has been a dream for the UBECI team since day one. Currently, UBECI travels to six different markets throughout Quito. UBECI Home will allow us to further reduce the working hours of Ecuadorian children by attending one market consecutively instead of only working with the children once a week. We will attend the other five markets once a week, but eventually hopefully have a permanent center at all six markets. At the UBECI Home building, we will support the children with their school work, as well as teaching them valuable skills with activities including painting and music and more!

HOW TO MAKE UBECI HOME A REALITY:

1. Hire 2 new staff members (approximately \$16,000 a year)
2. Rent a space (approximately \$4,000 a year)
3. Supplies (approximately \$2,000 a year)

HOW YOU CAN HELP:

Donate to our Global Giving Page! This dream cannot become a reality unless we raise at least \$10,000 by June! Please donate and share our message to all of your friends and family! The children of Ecuador are relying on your support!
