(A) BACKGROUND

NECEA (Nangabo Environmental Conservation and Economic Empowerment Association) is a not for profit Community Based Organisation (CBO) registered with the Directorate of Community Based Services (Wakiso District) in 2006. It is membership organisation comprised of residents in Nangabo Sub-County. NECEA works with communities within Wakiso District and beyond.

Vision

NECEA recognizes and strives to promote awareness of the value of natural environment. We represent people's desires natural assets and encourages moves towards sustainable systems. We achieve this through education research, advocacy and action in co-operation with other community groups and government.

Mission

To use education, partnership, technology and commitment to serve in constructive transformation of the environment

(B) STRATEGIC OBJECTIVES

(I) Develop an environment conservation programme in schools and communities

(i) Implement a programme of water, sanitation and health (WASH) for schools and communities

(iii) Improve the livelihood of community members through various productive social, economic initiative like mobilizing members to form saving and credit societies, undertaking viable projects like vegetable growing and training residents in entrepreneurship skills and financial literacy
