

# Emergination Africa

## Overview

Emergination Africa (EA) is an organization that connects high school students to university students and professionals around the world through one on one video call advisement sessions, panel discussions and project based learning activities. Driven to create the 'African Century' we seek to enable students to not only harness tertiary education and career opportunities but to pay it forward and create opportunities for others. We pride ourselves in providing our students with the global educational network and professional resources that set them apart as growing young global leaders.

## What We Provide

- o End to end university application support
- o Admission essay writing assistance
- o Scholarship search and matching advisement
- o Scholarship essay writing assistance
- o E-mail etiquette training
- o Resume/CV and job interview readiness training.
- o Elevator pitch preparation
- o University matching and personalized university list
- o University application planning and strategy assistance
- o SAT tutoring

## Advantages of Emergination Africa

- o Our mentors are from top universities such as Oxford, Cambridge, Cornell University, Morehouse College, NYU and many more.
- o We have enrolled 57 students into universities in 7 countries.
- o Our low student-to-mentor ratio allows us to spend much more time in helping our students.
- o Our professional development panels include leading professionals from Google, Deloitte, Nike, The World Bank and Salesforce and many more.
- o Our admissions panels are conducted with leading admissions officers from top tier U.S. and UK universities.
