

Why we exist

Kikavu Village,
Tanzania

Before Health Amplifier started helping the community in 2015 they had no access to a local health clinic so disease and malnutrition were high.

Now the community have accessible, affordable and high quality healthcare. Diseases are being managed and prevented much better and we are supporting the community in overcoming malnutrition, poor dental hygiene and improving their education of healthcare.

Where your money goes

£2

Provides a student with lunch for a week

£3

Helps a family plant a fruit tree in their home

£4

Provides a person with a mosquito net

£5

Helps a child brush their teeth for a whole year

Medical Care

Our Kikavu clinic is unrivalled in the quality of care delivered in the region, providing free healthcare services including mother & child care, malaria prevention and specialist diabetes care.

Community Development

We are working closely with the community to transform an area of poverty, malnutrition and disease. By introducing a care plan and making small changes we can improve the overall health, nutrition and quality of life of the local residents.

£10

Treats a child for all their cavities

£15

Gives a child a growbag for vegetables each month

£75

Provides a family with healthcare for a year

£100

Provides complete diabetes care for a year

Dental Hygiene

We are supporting the daily routine of tooth brushing, treating pre-existing cavities and giving dental health education to ensure the children have the healthiest teeth possible to avoid later life complications.

School Projects

We are working with the school on a number of projects to enhance the overall education, wellbeing and opportunities for the children. This includes improved nutrition with lunches and grow bags, sport, dental health and textbooks.

Kikavu Primary School

What we are doing

Malaria

Since implementing our malaria prevention plan cases have significantly reduced.

Dental Care

We have performed over 700 preventative treatments for cavities for our school children.

Lunch

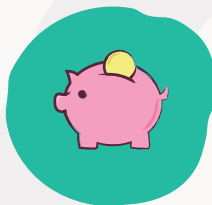

We are supporting the school and have provided over 20,000 lunches for the children so far.

Cleanest Village

We have been granted the cleanest village award by the Tanzanian Government.

Want to help?

Donate

It is simple to donate online through our Now Donate page, please remember to add Gift Aid if you are a UK tax payer, as your donation will be increased by 25% at no extra cost to you. If you wish to donate via cheque please make payable to Health Amplifier and post to:

*Health Amplifier - 2 Regis Place,
North Lynn Industrial Estate, King's Lynn
Norfolk - PE30 2JN*

Fundraising

We are always grateful to those that want to hold an event or complete a challenge to raise money for us. Be it running our local Kilimanjaro marathon, facing a fear of heights or holding a coffee morning, you will have our support. Please contact us for advice, sponsorship forms or press release templates.

Corporate Partnerships

For Health Amplifier a partnership provides access to expertise and financial support, for both our staff and projects. For our partners, it gives the opportunity to make a social impact, open mindsets and engage staff in positive and sustainable change. If you would like to get involved please contact us, we would love to hear from you.

Love Educate Liberate

Health Amplifier transforms the lives of people living in extreme poverty by providing quality healthcare and community development.

We support the local community to achieve better diet, education and disease prevention by empowering the locals to care for one another.
