2. Project Summery:

The project aims to promote women's leadership role in development in the face of extremism and conflict in Khyber Pakhtunkhuwa. Women are underrepresented at all levels of decision-making processes in all most every sector. Facts and findings in the education, health and employment sectors show that women needs and challenges are not being sufficiently addressed, because majority of the leadership is male dominated.

This project will invest in building and strengthening women’s leadership through training, advocacy and networking to promote women’s leadership.

Accomplished Activities during the 15th quarter of the project:

1. Women Voices has been continuously highlighting women's and girl’s challenges and issues both online and offline.
2. Women Voices is continuously building networking with like-minded organizations and networks and working with them in collaboration on different initiatives to feature, connect and amplify the voices of women and girls.
3. Women Voices has been successfully organizing series of online conversation about women and girls issues, challenges and achievements in 2022 across the country.
4. The local bodies' elections in Islamabad were planned to hold in August 2022, those are now postponed and will be held soon. Our team organized a one-day training needs assessment workshop on election campaigning for women candidate; those were contesting elections on women reserved seats and chairperson seat.
5. Project monthly progress review and planning meeting was held both in the head office in Islamabad. During the meeting project progress was reviewed, challenges were discussed and an action plan was reviewed and finalized for every next month.

Challenges faced and mitigation strategies applied:

The project design is based on an integrated approach in terms of the relevancy of its activities sequel and effect. However, due to the lack of sufficient donations, we have revised this project’s activities and budget also to ensure focused and impactful work despite funds issues. We are really looking forward to friends and well-wishers around the world, to join us in this important cause of promoting women's leadership by making donations. No support is small, each and every contribution matter, please.
