1. Project Summery:

The project aims to promote women's leadership role in development in the face of extremism and conflict in Khyber Pakhtunkhuwa. Women are underrepresented at all levels of decision-making processes in all most every sector. Facts and findings in the education, health and employment sectors show that women needs and challenges are not being sufficiently addressed, because majority of the leadership is male dominated.

This project will invest in building and strengthening women’s leadership through training, advocacy and networking to promote women’s leadership.

Accomplished Activities during the 20th quarter (July 2024 – October 2024) of the project:

1. **Women’s Voices** consistently highlights the diverse challenges faced by women and girls, utilizing both online and offline platforms to amplify their stories.
2. By collaborating with like-minded organizations and networks, **Women’s Voices** actively builds partnerships that elevate the experiences of women and girls, fostering a strong support network.
3. **Women’s Voices** has hosted a series of impactful online discussions that explore the complex issues, challenges, and successes of women and girls in the digital sphere.
4. **Women’s Voices Pakistan** is currently supporting elected women councilors through capacity-building training, focusing on the Local Government System, Gender-Sensitive Planning, and Gender-Sensitive Budgeting across 11 districts of Khyber Pakhtunkhwa.

5. The monthly review and planning meeting for the project took place at the Islamabad headquarters, providing a platform to assess progress, address challenges, and finalize an action plan for the upcoming months.
