# Project

## Title:

Build 1x4 classroom block for 300 pupils in Zambia

## Project Summary

## Deliverables

Using the US\$851 that we received from you, through the global Giving, we managed to do the following:

### Procurement of Building Materials

**Timber were procured from Lusaka, 500 Km away from the project site (quality timbers are in the capital City)**

**Window Frames we also procured in Lusaka, and transported, together with the timbers, to the project site.**

## Roofing and Fixing of Window Frames

**The carpentry works of the school block was done, after putting up columns to the building, to support the whole structure.**

**All timbers were treated with Carbolium (ant kill) to protect the structure from termintes.**

**Window Frames Fixing**

**Supporting Pillars construction .**

**Water brought on the site by the pupils and the community members**

**Pupils are part of the works. They contribute to their own welfare.**
