To Whom It May Concern:

My name is Keshia Adams; I am the founder and Executive Director of an organization called Lifting You For Tomorrow's Success Inc. (L.Y.F.T.S.). Lifting You for Tomorrow's Success, INC. (LYFTS) is a not-for-profit organization that was incorporated in New York on July 2014.

Lifting You For Tomorrow's Success Inc. (L.Y.F.T.S), is a non- profit organization, which falls under the tax-exempt organizations and is recognized as a 501c3. Lifting You For Tomorrow's Success advances education and promoted social welfare by (i) making donations to public schools in low-income community areas of New York and Caribbean countries. LYFTS makes donations of school supplies (including backpacks, books, writing utensils, uniforms and other items) to elementary, middle and high schools in low-income areas of New York City and Caribbean countries. LYFTS has conducted several school supply charity drives and purchase school supplies for its donation. The organization also conducts a toy drive and at the end of the toy drive, the organization hosts a Christmas party at the shelters for children residing there both New York and Guyana. We have music, cake, candy, juices and lots of laughter.

Under the LYFTS umbrella I have brought social awareness to my community, in 2017, introduced several projects such as, Young Women of Flatbush First Annual Empowerment Panel Event (Targeting Young Women of color), Know Your Rights: immigration Forum to inform the community on their rights, Building Community Wealth: Finding community equity and upcoming event in November called Restorative Justice: Parents, Feeding with our hearts (which is target to end world hunger), Financial Literacy workshop, Students Know Your Right, feeding the homeless population around Brooklyn with an initiative called Feeding With Our Hearts. I am currently in the lab working on a few Projects that I am really excited about. I am grateful for the few opportunities I have received to serve my community and I looking forward to exploring many more.

I also introduced the Girl Scout Troop 6000, into her Flatbush neighborhood shelters. Troop 6000 are an initiative that was brought to girl scout by a woman, names Giselle Burgess, who was previously homeless and started the program at the shelter she was a resident of.

I am writing this letter to request financial donations and/or in kind contributions to our new project called T.A.P, The Adams Project. This Project was structure to provide 1000 homeless individuals with a care package, which would include Hygiene products, water bottle for clean drinking water, clean clothes, non-perishable food items and hand written notes of encouragement by volunteers.

We plan to identify homeless individuals across New York City that are currently living on the streets and provide them with a care package once a month (first week). This project will be executed by targeting the parts of New York City that are usually known to have chronic homeless individuals occupying that area/s. The areas of chronic homeless individuals can be provided by the department of homeless services home-base initiatives and the organization will start with as mentioned earlier the well-known areas.

This Project will allow individuals to have clean and sanitized bottle for water, hygiene products, clothing and prevent hunger by providing non-perishables food. Your donations financially or in-kind will go a far way with providing individuals with the care packages.

The organization has partners in throughout New York that will collaborate with our organizations on the projects and work to provide care packages to individuals at their respective borough.

Thank You for taking the time out to read my letter requesting for donation, we are excited to hear from you with our future partnership.
