Project Proposal for Care and Education for 30 Orphan and Poor Children in Hyderabad

In Partnership with

**Project Duration: Long Term
(will be reviewed Annually)**

Project Brief Outline

Care and Education for 30 Orphan and Poor Children in Hyderabad

Summary

The proposal is for supporting 30 orphans and poor children in urban slum areas in Hyderabad, India for provision of food, shelter, clothing and education in Home based environment to bring them up to become self-reliant and sustainable. The children in the target areas do not have an opportunity to pursue their education because their poverty. Several children living in slum areas are in the State of degradation and misery.

What is the issue, problem, or challenge?

India, one of the largest democracies in the World has a Population of over 1.2 billion as of today. Most of the people in India are living below the poverty line and are facing many problems, viz., lack of food, shelter, health care, education and un-employment and thus the people live in utter poverty. Poverty has always been recognized as the major cause of death and disability. Poverty brings on lack of safe Drinking Water, inadequate food, poor health care and poor education. All these will have effect on health. The poverty situations in Indian context, reflects in the State of Telangana and Andhra Pradesh. The families in slums and rural areas are normally large and often face the problems and the earning members of the family unable to cope up with the situations. Sometimes they may not get work to earn. Eventually they migrate to other places in search of livelihood or starve to meet death or disease. The struggle of the poor starts in the womb. The child in the womb suffers from the consequences of malnutrition in the mother.

The families that are living in slum areas of east of Hyderabad are daily wages labourers. They are living in utter poverty. They are unable to fetch their square meal a day. But they are unable to continue their children because they are not able to pay the fees in the school. That's reason the children are being dropped from the school.

The Need

Poverty has always been recognized as the major cause of death, disease and disability. Now the World Health Organization (WHO) came out with the statement the Poverty is the 'ruthless killer'. Large families in rural areas often face these problems and the earning members of the family unable to cope-up with the situations and survival becomes difficult. The relief often comes in the form of death leaving the children as orphans and destitute. These children starve without shelter, food and clothing and roam along the streets.

How will this project solve this problem?

The Project addresses there are 30 poor and orphan children in Home, Hyderabad. They are provided with Food, Shelter, Education and Clothing. The children are attending the local school regularly and are provided with Text Books, Note Books, School Bags, Pens and Pencils and School fee is paid for their admission and study in the school. The children are being brought up under discipline. The children are being taught and given guidance for their physical, mental and spiritual growth. Institutional care home will be operational model to make them to have potential long term with dignity. At Smile always Foundation these balanced quality facilities would definitely help children to be happy and contented as long as they live in this World.

Potential Long Term Impact

30 Orphan and poor Children have access for food, shelter education and live in better environment. The children will be attend the School regularly and got better education and acquired knowledge. Children are promoted into new classes. They will get an opportunity to live on their own with dignity. They are keeping in good health and education, have access for School uniform and needs, so that they are having equal opportunity with other children. These Children have good facilities for their better living.

Budget: Rs. 16,29,000 (per year) (USD \$ 27,150)

Project Duration	: Long Term (will be reviewed annually)

BACKGROUND:

India, one of the largest democracies in the World has a Population of over 1.2 billion as of today. Most of the people in India are living below the poverty line and are facing many problems, viz., lack of food, shelter, health care, education and un-employment and thus the people live in utter poverty. Poverty has always been recognized as the major cause of death and disability. Poverty brings on lack of safe Drinking Water, inadequate food, poor health care and poor education. All these will have effect on health.

The poverty situations in Indian context, reflects in the State of Telangana and Andhra Pradesh. The families in slums and rural areas are normally large and often face the problems and the earning members of the family unable to cope up with the situations. Sometimes they may not get work to earn. Eventually they migrate to other places in search of livelihood or starve to meet death or disease. The struggle of the poor starts in the womb. The child in the womb suffers from the consequences of malnutrition in the mother.

The families that are living in slum areas of east of Hyderabad are daily wages labourers. They are living in utter poverty. They are unable to fetch their square meal a day. Some of the parents admitting their children in the private English medium schools. But they are unable to continue their children become they are not able to pay the fees in the school. That's reason the children are being dropped from the school.

THE NEED

Poverty has always been recognized as the major cause of disease, death, and disability. Now the World Health Organization (WHO) came out with the statement the Poverty is the 'ruthless killer'. Large families in rural areas often face these problems and the earning members of the family unable to cope-up with the situations and survival becomes difficult. The relief often comes in the form of death leaving the children as orphans and destitute. These children starve without shelter, food and clothing and roam along the streets.

THE GLOBAL GOALS FOR SUSTAINABLE DEVELOPMENT

One of the important The Global Goal is by 2030, ensure that all girls and boys have access to quality early childhood development, care and preprimary education so that they are ready for primary education. The burden lives in the citizens who can afford to support children who are in desperate need and helping the children to pursue their education.

TARGET GROUP OF THE PROJECT:

Children 6-16 years of age who are mislay their parents and poor families. The organization focuses on disadvantaged children emphasizing children abandoned by one or both parents, children from poor families, street children and children who have been abused and belong to poor socio economic conditions.

PROPOSED PROJECT AREA:

The project is planned to undertake at Nagole, Hyderabad is a conducive site for the proposed project. The place has all the amenities where the children will feel at home. The proposed site is also calm and serene where the children will grow up and nurture their talents in a healthy ambiance.

In Nagole, where the proposed project will be initiated has building with dormitories, dining hall, kitchen, toilets. The area can be beautified and other art structure which will make the place a real home for the children. As the project aims for the holistic development of children it will be an ideal place.

PROJECT GOALS AND OBJECTIVES:

This project aims to address their shelter, food, education, health development.

- To provide an opportunity for 30 orphans, semi-orphans and poor children to live in congenial atmosphere with parental love to pursue their education.
- To provide food, shelter, education and clothing for 30 orphans, semi-orphans and destitute children in Home in Hyderabad, India.

OUTPUTS, MONITORING, REPORTING AND EVALUATION:

All components will be consistently evaluated to measure effectiveness, efficiency, quality, usage, and acceptability in the activities. These programs collect and analyze and use the data for effective reflections. It is also for identification of the problems; potential gaps and required remedial actions through participatory assessment and evaluation.

The overall supervision and evaluation will be done by the Director. Monitoring and Reporting will be carried out monthly/Quarterly on all activities. Different reporting forms have been used for reporting about different activities.

The Project has monthly/quarterly reporting systems. On the basis of this, a compiled Management Information System (MIS) and financial Statement will be prepared and submitted to the Donors by the Director.

Annual Report will be submitted to the Donors after completion of Project Year and also an Overall Report on the completion of the program.

CO-ORDINATION:

The Government requests NGO's to undertake programmes of Homes for poor, orphan and needy children. Our Government's Policy is to encourage the voluntary agencies in undertaking programmes to fight against the illiteracy and dropout children. Even the Local communities and agencies make requests as per the need in their local areas.

SAF's Project seeks support and co-operation of Government services to provide training particularly in the activities of the awareness. The Smile always Foundation will network with local NGO's while undertaking the activities.

COMMUNITY INVOLVEMENT / GENDER / HUMAN RIGHTS ISSUES:

This Project encourages all the stakeholders in the participation, Gender and Human Rights issues. It develops skill and knowledge of the community members in participating the awareness programs. The local CBO's and agencies will be responsible for planning and recommending the poor and orphan children to the rescue and rehabilitation center (Home).

Gender: The Smile always Foundation confirms Gender Policy in equal participation of both men (boys) and women (girls) in the project.

PRINCIPLES AND VALUES:

Care, education and support should be governed by the following principles and values:

Respect: For human rights, ethics, confidentiality, informed consent, privacy, and individual dignity should be maintained. Practices apply equally to poor and orphan children as to other individuals. Fighting discrimination, enhancing respect of individual autonomy and human dignity and pursuing informed consent are all relevant to orphans.

Equality: Affordable care of acceptable quality should be provided to all people regardless of gender (men and women), age, race, ethnicity, and place of residence. More attention should

be given to those groups of the people that have more problems to access care: orphans, girls, street children, the uneducated and the poor.

CAPACITY:

Smile always Foundation is a full-fledged organization with a registration and recognition in India as a Non-Governmental organization. Our Organization is having experienced and competent staff to undertake and implement program activities. The Capacity building priorities are upgraded each year on the basis of the need.
