UPCOMING ACTIVITIES

ACTIVITIES

1. YOUTH TRAINING:

Our group of young leaders will be trained as BWS Teachers in the next 3 weeks with an intensive program designed to teach them tools that may help them share special breathing techniques on Disaster affected populations.
From May 19th to June 8th.

2. Trauma Relief Workshops and YES! programs conducted by our new trained leaders who will be mentored by our experienced teachers.

From June 16th to August 14th

Fifth stage

"our work is focused attending long term effects of disaster in affected areas"

Trauma Relief Workshop in Catholic Church for 70 participants, Cuautitlan Izcalli, México State

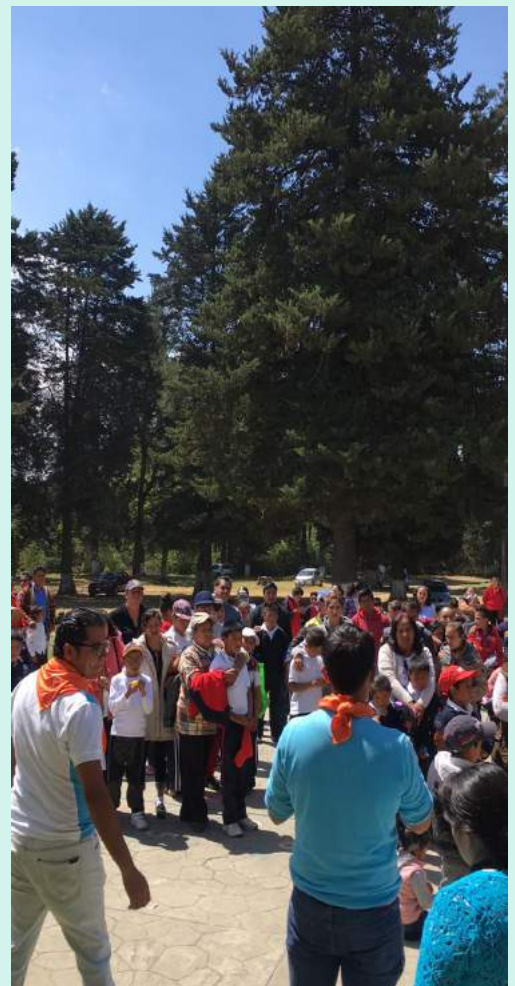

Fifth stage

"our work is focused attending long term effects of disaster in affected areas"

Trauma Relief workshop in CIS "Carmen Serdan, Indigenous school from affected Area in Mexico State, Participants:
120 Studentes
60 Parents
40 School Teachers

Fifth stage

As part of our next steps, this group of youngsters will be part of a training, to be able to teach Trauma Relief programs in their Communities .

First Meeting with part of the group that will receive the training. Explaining the project and inspiring them is our very first step!

Visiting areas where they will develop their skills as leaders helping the community is essential!
