

Film Making Program for street youth in Freetown.

Report April 2019

Dear all,

On behalf of Africa Youth for Peace and Development, we want to thank you for your support to our Film Project for Street Children. We were able to do many things that are geared towards realizing the goal of the project below you will see the various activities

The organization through fundraising activities was able to get 2 cameras cannon legria that was donated by supporters of the organization. Mr. Emmanuel Tucker a sierra Leonean based in London United Kingdom. With these cameras, we have been able to hold training 2 times a week for children that have interest. Some of the first selected children have been relocated for one reason or the other can cannot be found. Most have them have moved to other parts of the city and this makes it difficult for them to be part of the program. A total of 25 Children have been trained since the start of the project. Most of them can now understand the different areas of filming (Light, camera, sound, background setting, makeup and editing) we believe that we should give participants full details of all areas but taking it by stages. Currently most of the children are doing Light and Camera and a better understating these topics. We anticipate that in the next 2-3 months they will be able to move on to next 2 stages of the projects which is back ground setup and makeup.

Our next step

- We hope to provide more cameras and other filming equipment's as for now we have 2 cameras and one Laptop and very few editing software. We hope we are able to raise funds here to get additional equipment's
- Provide feeding opportunities for participants as most of them cannot provide for themselves and they tend to skip class because of no food.
- Increase the number of participants to 50 and also get the old participants to advance to new activities and get new participants to be trained by old participants.

Thank you very much for your Support and please do not hesitate to continue to support our project as Phase 2 is about training the Children and start to do our own small 10 mins films

. We will also update you with videos on the Phase 1 on our YouTube Channel.

Please we want it known that if you are able to donate to our project we will give you .

- ✓ AYPAD Handmade bracelet with your name or AYPAD Logo
- ✓ AYPAD Film Project Project-T- Shirt
- ✓ AYPAD Film Project Funder Certificate.
