DESCRIPTION OF THE ORGANIZATION

Charity Centre for Children and Youth Development (CCCYD) is a Non-profit, Non-political and Nonreligious Organizations which was established to help Orphans and vulnerable children (OVCs), Youth, women and persons with physical challenges improve their standards of Living through the provision of several life skills, education support, HIV/AIDS awareness and prevention, provision of micro-entrepreneurship skills and soft loans as well as material support.

We envision a society that will work towards eradication of poverty, HIV and AIDS, illiteracy among Orphans and vulnerable children, youths and women in Society.

The Organization's mission is to promote and enhance the capabilities of children, youth and women in North Western Province and beyond to effect positive social change that would necessitate the development of their lives, communities and the nation at large

Many orphans, in most areas of Zambia are dropping out of school due to poverty. This poverty is primarily the result of the HIV/AIDS pandemic which has ravaged the Sub-Sahara region claiming the lives of many adults. Children and the elderly have suffered most as a result of this pandemic. Grandparents and children have become heads of households which they can barely support. This problem has been exacerbated by the harsh economic situation in the country Most of the orphaned children rely on outside help just to meet their basic day to day needs such as food and clothing. The children who have dropped out of school in these communities are unlikely to go back to school particularly children from rural areas and poor families. As a result most children get menace to the community by getting involved in activities such as illegal trading, theft, and vandalizing property and engaging in pre-marital sex. If this problem is not addressed soon the HIV infection rates among vulnerable children will go up!

It is against this background that Charity Centre for Children and Youth Development is raising money on globalgiving under the project **HELP EDUCATE 300 CHILDREN IN NEED!**

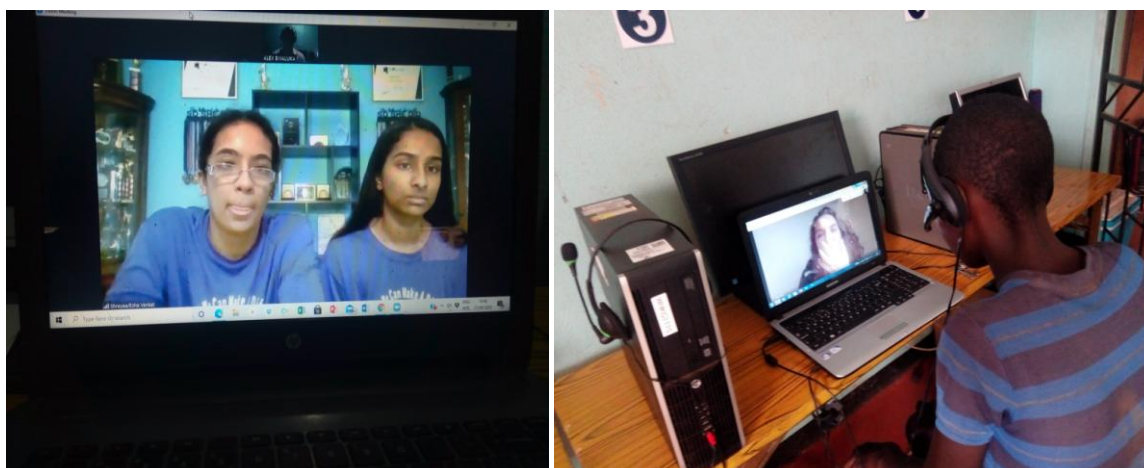

The project is helping educate over 500 orphans and vulnerable children allowing them to remain in school and improve on their life. This will reduce the burden on guardians who have taken up the responsibilities of taking care of orphans left behind by their relatives and this will also reduce poverty and crime in the community which is on increase as a result of children being found on the street.

The fundraising target for this project is \$20,000.00 out of which we have raised \$1,715

This project is helping provide both academic and vocational education to over 300 children in need at Fortune School of Excellence formerly known as Fortune Community School in Solwezi District of Zambia.

VIRTUAL LEARNING

2020 has witnessed unprecedented pandemic that has affected the whole world. This contributed to the closure of schools in many countries. In order for us to continue providing education to the vulnerable children, our organization partnered with NEST4US and Village Book Builders for the purpose of providing virtual learning programs in Zambia. So far, over 100 students have attended the virtual learning classrooms (VCT).

	TOTAL			ZMW 5400.00

Teacher's payments total for this report ZMW **5, 400.00**

We have witnessed the unprecedented COVID-19 pandemic that has affected the whole world causing a lot of anxieties and uncertainty in many people particularly the vulnerable in our societies which needs emergency response.

However, I wish to express my gratitude to those that have so far donated to our project on global giving and other supporters that have supported this project. I hope you will continue considering this project and request friends and relatives to help us in any way possible.
