INTRODUCTION:

This report covers recent activities implemented under the abovementioned Project covering the month under review (**May 2023- September 2023**). In Liberia, activities were held in Montserrado, Bassa, Cape Mount, Bomi, Margibi, and Bong counties. This report reflects on the following:

2.0 PLANNED ACTIVITIES FOR THE PERIOD UNDER REVIEW:

- 2.1 The selection process for scholarship students is currently ongoing
- 2.2 Preparations for the 2023 Annual Back-to-School Book Ride
- 2.3 Learning Squared Lunches Girls' Reading Clubs Project in Liberia
- 2.4 Recommendation and Conclusion

ACHIEVEMENTS FOR THE PERIOD UNDER REVIEW:

2.1 The selection process for scholarship students is currently ongoing

At the heart of our organization's mission is the commitment to providing educational opportunities to deserving students. We are in the midst of a rigorous selection process to identify scholarship recipients for the upcoming academic year. This process involves thoroughly reviewing application interviews and carefully considering each applicant's qualifications and financial needs. We understand the importance of investing in educating promising individuals who may not have the financial means to pursue their dreams.

2.2 Preparations for the 2023 Annual Back-to-School Book Ride

As the academic year approaches, we are gearing up for our highly anticipated event, the 2023 Annual Back-to-School Book Ride. This initiative aims to distribute educational materials and books to underprivileged schools and students in our community. We are working diligently to ensure that this year's event surpasses all expectations. From sourcing quality educational materials to coordinating logistics and volunteers, every aspect of this event is receiving careful attention to make a meaningful impact on the students' learning experiences.

2023 Campaign Goal: We aim to raise USD 4,000 to reach ten schools and 1,000 underserved children. With your help, we can equip students with the educational tools they need to thrive academically and foster a love for learning. Regardless of size, your contribution will directly support our mission and help us provide schoolbooks to needy students. Every dollar makes a difference. Spread the Word: Share our campaign with your friends, family, and colleagues. Use your voice to amplify our cause and inspire others to contribute to the education of deserving children.

2.3 Learning Squared Lunches Girls' Reading Clubs Project in Liberia

Launching the Girls' Reading Clubs Project by Learning Squared in Liberia is a significant and commendable initiative. This project can bring about positive change by promoting literacy and education among girls in Liberia. Girls' reading clubs can have several benefits, such as

fostering a love for reading, improving literacy skills, and providing a safe and supportive environment for girls to learn and grow.

Establishing Girls' Reading Clubs in schools across Liberia is crucial to promoting literacy, empowering girls, and fostering a love for reading. By providing a supportive environment and access to quality books, these clubs can significantly impact girls' educational journey, personal growth, and future opportunities and equip them with essential entrepreneurial skills. Continued support, collaboration, and investment in this initiative will contribute to Liberia's more equitable and educated society. The program will give girls practical knowledge and tools to develop an entrepreneurial mindset. By combining the power of literacy and entrepreneurship, we believe we can inspire girls to become confident, resourceful, and enterprising individuals.

Goals and Objectives

Promoting Literacy: Girls' Reading Clubs provide a platform for enhancing literacy skills among girls. These clubs aim to improve reading comprehension, vocabulary, and critical thinking abilities by encouraging regular reading habits and providing access to various books.

2.4 Recommendation and Conclusion

In conclusion, our ongoing efforts to support education in our community remain a top priority. The scholarship selection process reflects our dedication to nurturing talent and providing equal educational opportunities. The upcoming 2023 Annual Back-to-School Book Ride embodies our commitment to improving access to educational resources. Launching the project can bring about positive change by promoting literacy and education among girls in Liberia. Girls' reading clubs can have several benefits in reading, improving literacy skills, and providing a safe and supportive environment for girls to learn and grow.

As we move forward, we recommend that these initiatives continue to be the focus of our organization, and we encourage continued collaboration and support from our stakeholders to further our mission of educational excellence and equality. Together, we can make a significant and lasting impact on the lives of students and educators in our community.
