**vía cocina - food train is a community based social transformation project,  
 training low income colombians to cook and sell  
 healthy food from around the globe,  
 at affordable prices using local products.**

**all funds generated through our activities are reinvested in the via cocina  
 community project, subsidizing the training, materials and equipment for  
 low income project participants, and maintenance for the training centre.**

**to learn more about our activities  
 visit our website for  
 videos, media interviews,  
 photos and more!**
