

Dear our supporters and friends!

I hope that you all are doing super well!

We would like to share an amazing video with you where you can see how Animal Shelter's "SECOND HOME" main building looks from inside. This video was created by one of our very dedicated volunteers Sergejs Geraščenko!

As we were writing in previous report the project is over and the building is already in use. We are rescuing, treating, looking after and adopting doggies and cats, organize seminars/presentations for adults/kids and invite colleagues from international organizations!

However, we had to take the loan in order to finish this project and start using the building. We took a loan and still have to work hard in order to be able to pay back the loan. We still need €4721 and would be grateful for your support and help!

Thank you very much for supporting us! Please find enclosed some latest photos and, please, make sure to check the video! It is in Russian language but you will be able to see how Animal Shelter's "SECOND HOME" looks now! In this video you will also see the process of building our very first exercise compound for dogs. Also, on 9th minute you will see our guests from international organization who came over to share their knowledge and experience (they speak in English)! One more time thank you so much for believing in us and our work!

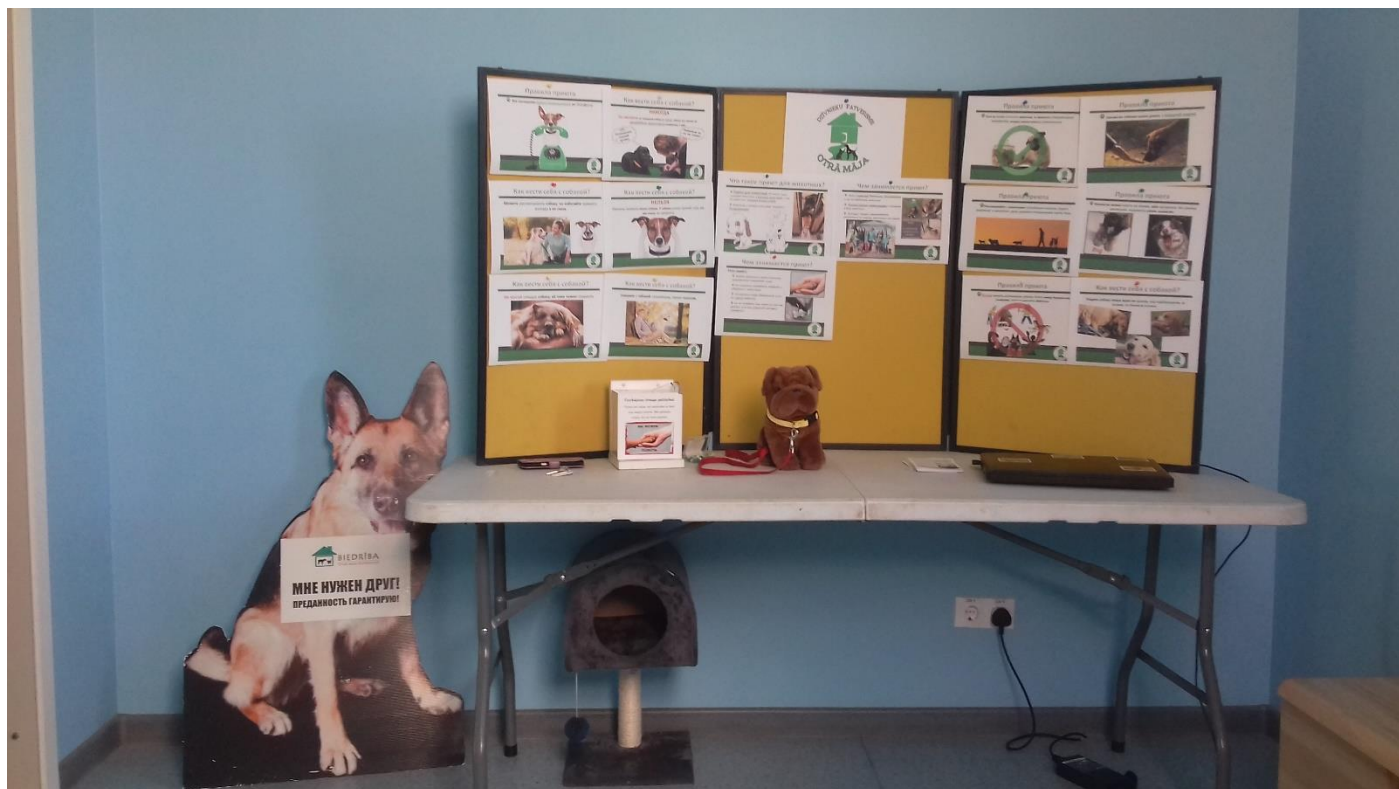

Link to the VIDEO:

Please come over to our shelter 'SECOND HOME'- all our team and all our animals are ALWAYS extremely happy to see you!!

Kindest regards,
Dana Sablinska
