---

Dear friends, dear donors,

We are happy to present you this, second report, and to let you all know about our progress so far and our plans for upcoming year.

Since we last wrote you have invested a lot of money, time and energy and we can all be proud on what we accomplished together.

We have also remained committed to hard work and constant learning and we maintained recognitions we were awarded previously. Furthermore, two of our members are attending yearlong online course organized by Global Giving in partnership with Lightful platform on the subject of marketing and promotion of organizations on social networks.

### WHAT HAVE WE DONE SINCE OUR LAST REPORT

#### Works:

- We have additionally decorated and furnished our big classroom on 5<sup>th</sup> floor to be more attractive for children – we are still missing projector ceiling holder and book shelves
- We have added some furniture to smaller classroom on 5<sup>th</sup> floor – we still need tables, chairs, whiteboard, etc.
- We have finished renovation of one classroom, hallway and storage room on 2<sup>nd</sup> floor. The big conference / classroom is still waiting for construction works

#### Activities:

- We have organized charity book promotion in big classroom on 5<sup>th</sup> floor:

We held a promotion, through storytelling, of book called “Story about friendship” written by the members of PHS organization that helps children and youth with pulmonary hypertension. Book was sponsored by Rotary Club Belgrade Skadarlija which paid for printing, distributing and promotion. After promotion ASK organized free creative workshop for all the children that have attended storytelling.

- We have agreed with our friends which are managing and running children shelter that we will start classes and workshops for children visiting shelters, after winter break
- We have our first group of language learners which started learning French language early in October
