

Association for affirmation of culture

Dear friends, dear donors,

We are happy to present you this, third report, and to let you all know about our progress so far and our plans for current year.

Since the last report we have invested a lot of time and energy in order to collect additional funds to complete renovation of our Education Center and adjust the premises for the intended purpose.

WHAT HAVE WE DONE SINCE OUR LAST REPORT

Works:

- We have additionally decorated big classroom on 5th floor – we are still missing projector ceiling holder and some book shelves
- We have prepared project and obtained some funds for renovation of the big conference / training room on 2nd floor.

Activities:

- We have distributed 697 present packages for the New Year and Christmas holidays to children in need, together with our partners on project. This, traditional, project was our main focus in the previous period.
- We have organized in February 12 free acting workshops, and currently we have free project writing courses which focus is on children in need.
- We have met our goal of applying for at least 5 project funding opportunities in first quarter of 2019 – we were awarded with funds at four of them.

OUR PLANS FOR 2019

We have big plans and also hard work ahead of us. We retained and grew our positive “we can do it” attitude and we are eager to do even more than we did in 2018. Our goals for the coming period are:

- Finding corporate and institutional partners for funding even more activities in next years
- Finish construction works and fully furnish our premises at 2nd floor
- Reach organizational self-sustaining point

We, at ASK, strongly believe that, partnered with all of you, we have performed a great work and that this year will be even better, that we will achieve even more together and that we will have much more impact on our community.

For all your questions or ideas we are at your full disposal at any time.

Kind regards,
ASK Team
