

SUPPORTING THE
CONSERVATION OF
KORUP NATIONAL
PARK OUR NATURAL
HERITAGE IS OUR
GATEWAY TO ANY
MEANINGFUL
DEVELOPMENT!

K.R.C.S, MUNDEMBA.

We are non-profit group of local people committed to ensuring the integrity of Korup National Park in a bid to preserve our rich natural heritage while also improving our livelihoods.

Objectives

- ✓ Mobilise, train and involve local people in conservation research and action geared towards increasing community benefits and minimizing conflicts around Korup.
- ✓ Combating climate change at the grassroots through conservation education and advocacy, geared towards a change of attitude in forest resource use/stewardship.
- ✓ Promote and execute Conservation/development initiatives geared towards livelihood improvement, biodiversity preservation while ensuring the full participation and benefits for local from the surrounding forest and mangroves.

Slogan:

Grassroots Action for People and Wildlife.

Activities

- Conservation /environmental education around KNP.
- Formation and empowerment of school nature clubs.
- Plant/ Animal research & assistantship around Korup.
- Specialized training of members and non members.
- Capacity strengthening for other CBOs.
- Community development/land use planning.
- Community based socioeconomic surveys/data analysis.
- Assistance in collaborative park management activities.
- Working with local councils for green towns initiatives.
- Lobbies for sustainable development.
- NTFP domestication and value chain addition.
- REDD+ and cocoa certification

Membership

KRCS members has grown exponentially in the past 5 years and includes locals from all walks of life such as former tourist guides, park rangers and local researchers/assistants, development practitioners, unemployed youths/graduates, traditional rulers, students, teachers, conservationists and well-wishers (honorary members from all over the world) ready to support and/or participate in the conservation of the rich biodiversity of Korup National Park.
