THE YEAR OF YOUTH 2023/24
Celebrating 50 years of the Commonwealth Youth Programme

6 February 2024

Dear **Eric Omwanda Nehemiah**

Endorsement of 2023/2024 Commonwealth Year of Youth Activity

The 2023/2024 Commonwealth Year of Youth holds immense significance in our shared mission to empower and uplift young people. The Commonwealth Secretariat is pleased to partner with **Mathare Foundation Youth Group** on this 2023/2024 Commonwealth Year of Youth activity to renew and strengthen commitments to youth engagement and empowerment across the Commonwealth.

The **Kicking It For Her** will increase the visibility of youth work, highlight the talents and positive contributions of young people to democracy, sustainable development and peace. Your organisation's commitment to this cause is commendable and we are delighted to join forces with you to create positive change for young people across our member countries.

By endorsing your activity, the Commonwealth Secretariat acknowledges and supports your efforts to contribute meaningfully to the 2023/2024 Commonwealth Year of Youth. Consequently, in support of project implementation, the Secretariat through the Commonwealth Youth Programme will:

- provide and allow the usage of the official Year of Youth logo for branding purposes (please follow the Branding guidelines);
- add the activity to the Year of Youth Calendar of Activities on the official website;
- promote the activity on social media; and
- facilitate partnerships which may help identify fundraising opportunities for your activity.

You may wish to kindly contact **Ms Nazzy Amin, Project Manager, Year of Youth at n.amin@commonwealth.int,** to follow up on this partnership.

Thank you for joining us in this vital endeavour. We look forward to working closely with you to create a lasting impact on the lives of young people and strengthen the Commonwealth's commitment to youth development.

Yours sincerely

Layne Robinson
