

WHAT YOU CAN DO

Make a donation - of any amount or to a specific project or a one off donation, is very vital to our critical work with the impoverished children.

Be a contact - someone who represents Youth With A Vision in their community all over the world. As a contact you will help to promote YWAV in your community.

Sponsor a child - for just \$20 USD/£15/€ 17/ \$35 CAD, AUS per month per a child and the money will help to provide school fees, materials, food, medical care and life skills to your sponsored child. Currently we have over 75 children in need of a sponsor.

Sponsor a lunch meal for an angry child - very many children miss out on anything to eat during lunch. You can help to feed an angry child for \$3USD/£2/€ 2.5/\$3.5 CAD, AUS) per child per month.

Become a friend - is an active member contributing \$25 to \$1,000 annually as follows. Steward. \$1,000, Samaritan \$500, Ambassador \$250, Bridge \$50, Visionary \$25

Grant proposal writer - please offer your skills to write for us grant winning proposals for our projects

Sponsor a Vision Conference participant - just \$32 USD/£22/€ 25/ \$35 CAD, AUS per participant per year

Sponsor a staff - just \$100 USD/£70/€ 77/ \$120 CAD, AUS per participant per year

Volunteer your skills to: - teach computer lessons, sports and games, music dance and drama, and entrepreneurship skills, adult English, and numbers

Child Mentors - we will allocate a particular child you can help to offer guidance, social, life skills, through correspondence.

Donate or collect unwanted items - clothing, shoes, toys and beddings from your community and help to send them to our Care Corner.

Dine So They Can... - volunteer to host a meal or do something like for your friends, on every 1st December World AIDS Day or choose a desired day, entertain and educate your guests about the impact of AIDS upon the poor children in Uganda and the work of YWAV, and ask them to pay for the meal or services to donate the proceeds to support the work of YWAV in Uganda. Register now for this year's to save a life Day.

Bless a needy child with a Christmas gift this year - the children we work with are poor and will never receive a gift for Christmas so when you choose to provide a gift you will bring the child into awareness that someone out there love them and care about them. (When you send you donation, we can then buy the gift for you locally)

Help find a sponsor for a child in need - Perhaps you already sponsor a child. You know the joy that comes from helping underprivileged children find love, encouragement and hope for the future. Consider this: You can have an effect on the lives of many other children in need by encouraging others to sponsor a child in need, too.

WHAT IS YOUTH WITH A VISION?

Youth With A Vision (YWAV) is a registered community based charity no. C.D. 2211. We are dedicated to defending and advocating for the rights of the disadvantaged children, so that we create for them avenues and opportunities to achieve productive and sustainable livelihoods. We run foster families, provide food, school fees and materials, healthcare, clothing, beddings, and training on leadership skills, income generating activities, vocational skills and reproductive health, for the disadvantaged children.

We organize courses on human rights and Restorative Justice to empower the community to promote the rights of the disadvantaged children. The children we work with are mainly the orphans, isolated and impoverished, and don't attend school due to lack of resources. They are often malnourished, and susceptible to diseases. There are many children who have come through YWAV and begin to change their lives. YWAV is entirely run by volunteers and supported by donations from friends.

YOUTH WITH A VISION

**We create Avenues and Opportunities
For the disadvantaged Children to Achieve
productive and sustainable livelihoods**

Will you?

You could be the one

WHAT WE ARE DOING

We began working with the disadvantaged children in Uganda in 2002 in response to the HIV/AIDS orphans crisis. Since then we have been working with the most devastated children.

We are:

- Providing education and supplies, food, healthcare, foster care and other essentials to the children in need, to enable them reach their potential.
- Equipping and empowering the children and youth with effective Christian leadership skills, to enable them influence positive change within their spheres of influence.
- Creating awareness of reproductive healthy and HIV/AIDS while giving support and care to the affected children, and empowering them to make informed decisions upon their health and sexual behaviour.
- Helping unemployed young people to acquire vocational skills through the Youth Centre for Skills Development
- Providing business skills and micro loans to the unemployed youth to start up their own enterprises.
- Building the capacity of the local community to support and protect the vulnerable children
- Providing life skills to the children and youth we work with
- Providing leisure time, spiritual and social events to develop the children and youth on our project.

Sponsorship transforms life

It is a remarkable contribution where you will be remembered as the one that created a difference among this struggling life

My name is Muyombya Edward, I leave at Kayirikiti in Masaka Uganda. I am happy because I am now able to go to school which was difficult before.

My teacher used to send me back to home for school fees almost every day. But now I can stay at school and learn every day. I no longer miss lessons due to fees.

I thank Youth With A Vision for supporting me to attend school. I now have hope for a bright future.

PROJECTS

Child Sponsorship - We provide assistance of school fees and materials to the needy children to realize their educational ambitions to transform their lives.

Saturday programme - Every Saturday all children on the project come together at their centre to learn life skills and socialize.

Foster Family - We partner with the local community to provide safe homes in which we take care of the homeless and abandoned children

Feeding Programme - it is being developed to provide nutritional lunch meals to poor children who have no parents to provide them with packed lunch meals.

Youth Centre for Skills Development - It is in its initial stage, meant to provide vocational skills to the jobless youth to start their own jobs. Currently we are offering computer and Art & Craft classes.

Vision Conference - we understand the pressures young people face when it comes to making crucial decisions for the future in our socially divided and troubled world. So this annual event brings together all the project children and some outsiders to socialize, make connections to discover available opportunities, share experience, knowledge, ideas and solutions to challenges they encounter, draw individual action plans for the future, encounter God and experience how to walk with Him to navigate through the challenges along their life path. It is both a life changing and trends setting conference with carefully selected speakers. Participants are educated on various topics including health and well-being, human rights and community leadership

Global Youth Service Day - every April we mobilize young people to design and implement service and learning projects to meet the needs of their community through volunteering.

Advocacy - Because we have experienced first-hand how the ignorance on human rights results into violation and denial, which affects stability, co-existence, growth and development, we conduct regular workshops to sensitize, train and empower the local community to take up individual actions to understand, protect and promote human rights of mainly the vulnerable members of their community - orphans, widows and girl children.

Care Corner - here we aim to alleviate child poverty so we collect unwanted items and in-kind donations of clothes, shoes, food stuff, beddings, and school supplies and give them to the identified less privileged children in our community.

In case you would like to make a donation, we can safely receive your donation via the following ways

Via Bank

Please instruct your bank as follows

Please pay Diamond Trust Bank Uganda Limited

SWIFT/BIC: DTKEUGKA

Bank Branch: Masaka

For the credit of Youth With A Vision

Account Number: 5053284001

Via MoneyGram

Via Western Union

In some countries Western Union offers two options - same day and next day options. We encourage the next day option because it is a little bit cheaper. If you choose MoneyGram or Western Union, please send your donation to the attention of John Muebi

Current Needs
