An initiative to sustain Kanchan bai's family

Ms. Kanchan bai (name changed), age- 30 years, resides at Narangwadi village, Omerga, Osmanabad district with her husband and son. All three of the them are HIV positive. Her family is dependent on seasonal agriculture which is insufficient to fulfill their basic needs. She had visited CCC center of PRIDE three years back for medical treatment and counseling service. She was very concerned about the future and wellbeing of her son and then she was counselled to enroll the child in nutrition diet program. After continuous support she and her family started doing well. In Sept 2017 she got enrolled in entrepreneurship training done by PRIDE and she initiated goat farming which she was interested in. She was provided one pregnant goat to initiate the business.

Kanchan bai is very hardworking and growing goat farm business slowly. Within, a year the goat delivered two babies and after a period she sold one goat kid for Rs. 4000/-. Now she taking care of two goats and her plan is to multiply the goat for sustainable business. Goat is giving regular milk which is sufficient for her son.

Now proudly, Kanchan bai thanks PRIDE India for helping her uplift her family with medical, sociological, Nutrition and livelihood support. Also she had stated that we have seen significant changes in improvement in her family health and her son education. Her son got improved in weight from 20 to 38 kg and CD4 from 120 to 1204. Now her son is very active and attending school regularly. With support of quality medical, nutrition services and regular follow-up, her is able to continue is education and successfully reach10th Standard.
