Site Selection

After visiting close to 12 schools in and around our neighborhood, we have finally selected the above mentioned school for opening the #2 Avasar Foundation Preschool, Sponsored by Runyon Family.

A meeting of the School Development & Management Committee was convened last week and a decision was passed to handover 2 rooms to us free of any rental charges. Malavika, Program Manager and Chandramathi, Preschool Supervisor attended this meeting.

Infrastructure

2 Large Rooms have been allocated for the purpose of opening the preschool and the SDMC expressed that the demand could be quite steep for the 100% Free Preschool and requested that at least 50 Children must be accommodated in the new school being proposed by us. Based on the facility provided and opportunity, the team has committed to admit maximum of 48 children this year. 24 students in Lower and Upper Kindergarten each.

This INR amount of Rs. 12,00,000 works out to about \$ 17,300 (1 \$ = INR 69). Funds available with us from fund raiser on Global Giving Campaign combined with Direct Donations through CAF America add up to \$ 17,400 as of 11 December 2018. We are covered until next cycle. And we certainly look forward to continuing donations from overseas for this project. Note - Above figures are slightly on the higher side but we haven't considered any admin costs, which could be about 5 % of the total project outlay.
