Event News: The Virtual 10K run impact

On a fine Sunday on 19th of July, 14 inspired runners from across the UK and some from Holland and Germany participated in the IAHV ACTivity Virtual 10K Run 2020 to raise awareness and funds for the IAHV Climate Action Now Project. Collectively they raised a fantastic **GBP 3937**. Besides the personal challenge this run was for some, most reported it was a lot of fun. Check out below select pictures that show the young and the old came together to 'Save Our Planet'. Children did a 5K instead of the full 10K.
