THROUGH HIGHER EDUCATION

Listen to our beneficiaries!

By donating you make a dream come true, an illusion, a wish of a person who gets up every day, fights, works hard to get ahead and contributes to their communities to have a better world.

Edilson Sarmiento

Universidad Nacional de Bogotá

The degree received is dedicated to all the people who made possible the fulfillment of this dream, and is also dedicated in honor of Juan Pablo Gutiérrez Cáceres, whose hopes for the future, as well as the firm belief that education is the means to achieve great things, inspired me to continue forward and allow me to be today the first member of my family to achieve a master's degree.

Diana Ortega

I want to express my deep appreciation for the scholarship that has illuminated my educational path. This opportunity has not only eased the financial burden, but has also opened doors that seemed unattainable before. Thanks to this scholarship, I can continue to pursue my dreams and demonstrate that education is a right for all, regardless of our background.

Your donation is a multiplier of hope!
