We are Chocó to Dance

We are a project of the Fundación Juan Pablo Gutiérrez Cáceres that has the purpose of supporting the postgraduate education of young people in the department of Chocó, Colombia.

We want you to learn to dance and move with the taste of Chocó and get infected with the joy of its people through Latin rhythms.

EXCHANGE EDUCATION FOR EDUCATION

You can go to www.chocotodance.com

There you will find a digital platform, where young people from Chocó, with a natural talent for dancing, teach 4 genres to dance: Salsa, Champeta, Regguetón and Salsa Choke.

The philosophy is to "exchange education for education": those who want to learn are taught to dance and are willing to pay the subscription of US9.99 to give study opportunities to those who cannot for financial reasons.

Dare to dance with our teachers from Chocó

We want to help postgraduate education continue to be a priority and an opportunity for many young people in the country.

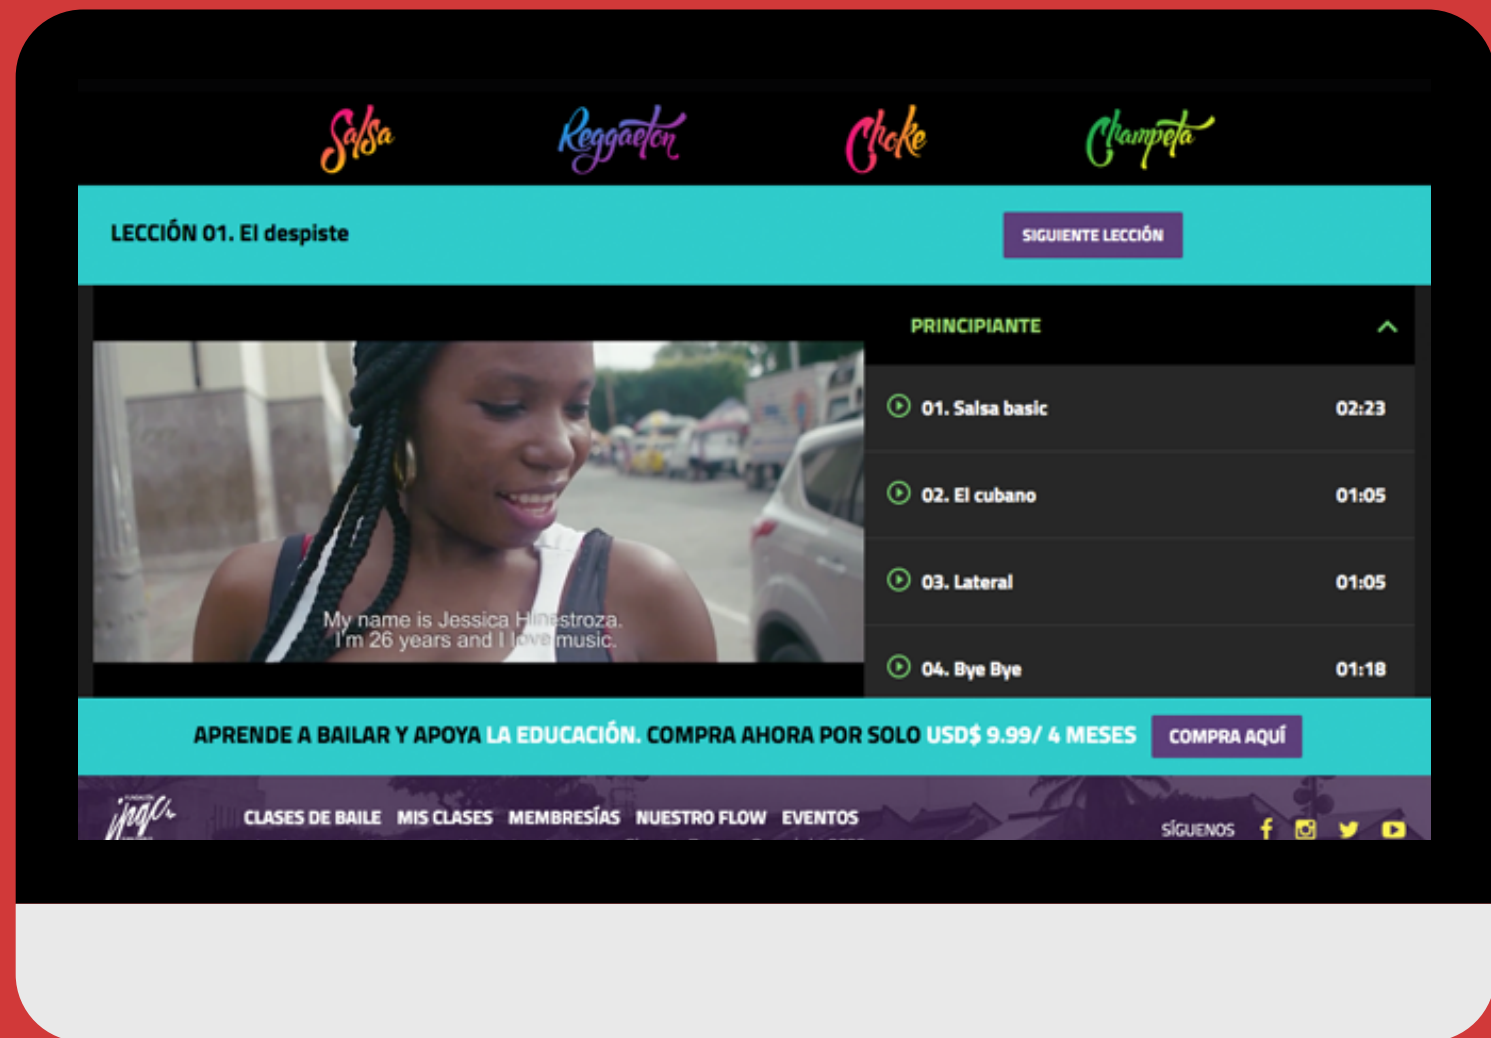

CLASSES WITH YOUR TEACHER

Chocó to Dance also offers live classes, led by the Project Coordinator, from Quibdó Chocó.

The proposal includes:

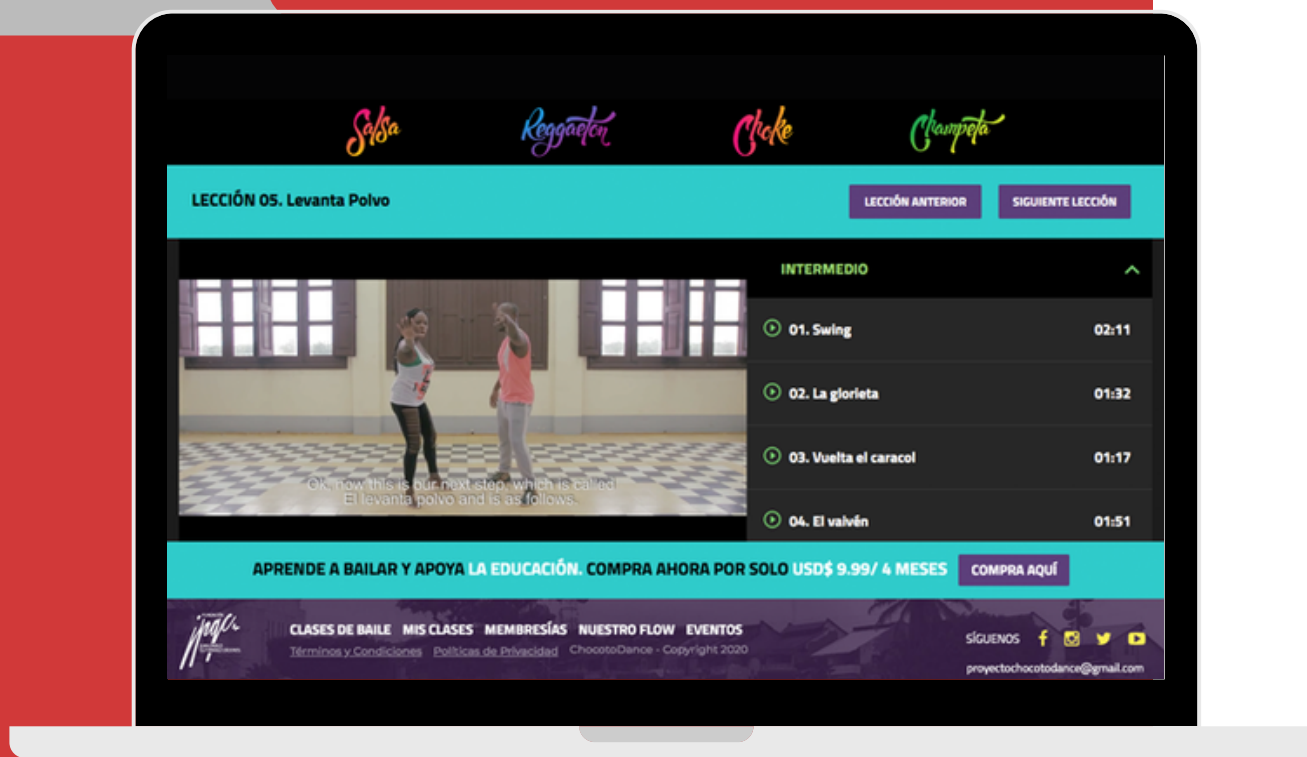

A group / individual session of rumba (salsa, champeta, reggeatón, salsa choke) of 50 minutes by Zoom.

Move with flavor!
