

RAHE-GHANA

SPONSOR A CHILD TODAY, LEAVE NO ONE BEHIND

A Message from Our Awesome Founder

In designing this project, I am fully convinced that Ghanaian children will not only have access to health care and quality education, but a safe and secured environment where they can fully achieve their dreams and aspirations. This project has enabled me to create a congenial community where children can freely exercise their rights to play, learn, have fun and above all grow in all aspects of social development. Through this program the children are reminded of the need to support each other and become responsible adults in the future.

By dint of our child centered initiatives at RAHE GHANA, we are able to highlight the plights of vulnerable children including the girl child in Ghana. These challenges include lack of education, lack of access to quality health care, child labour, trafficking and thus mobilize stakeholders to directly intervene.

Thanks to our generous child sponsors, these vulnerable children have hopes. We are indeed grateful to them. RAHE GHANA strongly believes that together we can inspire the underprivileged and the orphaned in Ghana.

This brochure material offer useful information about the nature of this project and how the child sponsorship program works.

A million thanks to you, for deciding to be a child sponsor, that's simply an amazing way of making a difference in a child's life.

Founder: Rimmy Francis Amakye

About RAHE-Ghana

Reproductive Advocate Health Education-Ghana (RAHE - GHANA) is an independent, non-profit, development organization devoted to improving the quality of reproductive health services, general conditions of vulnerable people and communities through a right based approach. Since February 2014, RAHE-GHANA has been championing social intervention programs aimed at tackling vulnerability to diseases, hunger, and violence against women and children.

The organization firmly trust that easy access to education and healthcare is a human right for every child. RAHE-GHANA seeks to help local children break away from their present impoverished environment, freeing them from child abuse by offering them holistic quality education and supporting them in achieving a fulfilling career that provide a good standard of living.

VISION

Our vision is to create a society in which citizens are empowered to equitably access the whole spectrum of quality social services and national resources.

MISSION

- To actively work with communities to identify community context challenges and adopt cost effective ways of addressing them
- To improve the capacity of target communities and schools to understand and demand responsive health services from governmental stakeholders

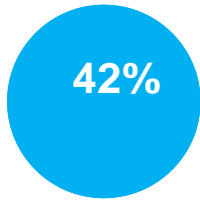

RAHE-GHANA partners with a number of schools, medical centers, volunteers and sponsors to address the key challenges: poverty, child labour being prioritized by families over education, and insufficient access to healthcare education, screening and medication.

“

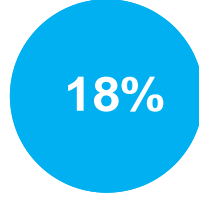

We are forever grateful to our Child Sponsors, together we can all inspire the underprivileged and orphaned children in Ghana for a better tomorrow.”

Project Justification...

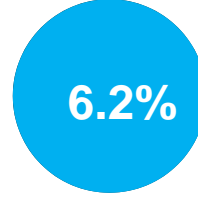

Sadly enough, there are several orphans and vulnerable children in Ghana. Where as many are found on the streets, some are forced into child labour and seriously battling with sickness. These are just a few of the challenges faced by Ghanaian children:

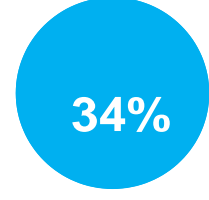

of Ghanaian children attend secondary institution *

of Ghanaian children do not go to school at all*

of children have learning materials books at home in Ghana*

of children in Ghana have been subjected to all forms of child labour*

* Credit: Unicef, 2017

Improvement

It is our sincere wish for you to join RAHEGHANA and support us to reach many children in order to realise our vision. We are very proud and appreciate the impact we have made on the journey so far. Nonetheless, we are still relentless and wants to begin a new phase in our scheme of programs with lots of interesting activities on board.

The sponsorship goal at RAHE GHANA is to sponsor 12,000 children through primary and secondary education by the year 2025. In demonstrating our unflinching commitment to this noble cause, we secured a grant of 5,775 euros from the Netherlands Albert Schweitzer Funds to secure the health needs of these vulnerable children, we have also secured 5 plots of land to build foster homes and volunteer house as an institutional measure to reduce project overhead cost and to attract more volunteers abroad. Presently, RAHE GHANA is in constant engagements with the elders of the Ofaakor Traditional Council to acquire 1 acre of land at Jei River, Kasoa to construct 12 classroom unit blocks that will house 425 children annually. This will be the initial cluster schools to be financed and constructed by RAHE GHANA before embarking on similar projects in other regions across Ghana.

Your Interventional Support

The world is full of possibilities especially for our young children. Children are the future leaders of any society, the new crop of diplomats, architects, educationists, nurses, technicians, journalists, parliamentarians and professionals who will be tasked to work on the nation's destiny. Therefore let's rally together with our resources to show them the way, here is how we can help. In addition to providing quality and holistic education we provide a secured, supportive as well as congenial environment with comprehensive healthcare.

We at RAHE GHANA offer the children the hope and support systems to fulfil their own dreams and career goals. The child becomes part of the RAHE GHANA family connecting to love, care and unconditional support and services. A sponsorship package of 468USD provides comprehensive education and health package for 1 calendar year for a SINGLE child. Each sponsorship package include, registration on Ghana's National Health Insurance Scheme, tuition fees, extra classes, textbooks, exams fees, meals, school uniforms, cloths, shoes, and social excursions.

Success Stories

Mavis' Sponsor Experience

"It's a source of joy to have the privilege to sponsor little Yaw Karikari, affording him the chance to attend school and have access to health services. Thanks to the wonderful feedback from RAHE GHANA and the amazing volunteers, I am always informed about where my contribution are used for what they are meant for. It was awesome to learn of Eric and his future dreams upon my visit to Ghana last summer. The sight of these wonderful kids in the school was very touching, knowing very well that my contribution is really changing lives".

Mavis Nyarkoa, Cincinnati, Ohio

Here is Juliet , a project beneficiary

"Hello my name is Juliet Bonney Mensa, I am thirteen years old and I am in JHS 2. The subject I like in school are English and Social Studies. My daddy passed way when I was 5 years old. I am the seventh born of my parent. My mother couldn't take me to school because of the large family size. I am grateful to RAHE GHANA for their care and educational support, I can now work to achieve my dream of becoming a nurse".

Juliet Bonney, Ghana

Be part of our story

We want you to be part of your sponsored child's journey and cherish your relationship with the child. When you become a Child Sponsor, RAHE Ghana will help you know the child, and encourage healthy communication. There are several ways that you can be involved and kept up to date.

Child Introduction Package

All child sponsors will receive information about the child's name, age, hobbies, family situation and a brief history about his/her life-path, including pictures.

Regular Update

Every quarter RAHE GHANA will update the sponsor on how the child is doing, their progress at school, and any events he/she attended thanks to your generous sponsorship.

Get them lovely messages through a Letter

You are always welcome to write to your sponsored child and develop a lasting relationship. Christmas, birthdays and special wishes are also encouraged by the project team. If the sponsored child does not presently speak English, they will soon do. By virtue of your sponsorship, one of our team members will translate all letters and write a response from the sponsored child. Kindly locate our address below

Visit the sponsored child in Ghana!

You even have the exciting opportunity to come to Ghana and visit a sponsored child. It's certainly rewarding to see your child in their environment and to personally experience the rich Ghanaian culture and heritage. We advise that you contact RAHE GHANA at least 2 months before making any travel arrangements, to discuss and agree on visiting your sponsored child in Ghana. We'd surely love to have you in Ghana!
