PROJECT PROPOSAL

Title of the project :

Proposal for “**Kerala Flood Relief Fund –Rebuild Families in India**”
for people living in Kerala Displaced by Floods

Project Summary :-

The overall death toll rises to 483 more than 8 lakh people are in relief camps, there are no matters to sleep, there is no gas to cook, wearable cloths remind in dirty water they were destroyed by Floods. Theresa Organization Volunteers was Collecting Rice, Clothes, Daily need material Bags, medical Kits, Blankets to rebuild the lives of people displaced by Floods.

Requested funding Amount: - \$10,000

Challenges:

Poor People have very little property they were destroyed by floods, Thousands of peoples lost their houses and belongings, many people have been mentally depressed due the loss of assets they build with their life time earnings. Some areas Still in under the water People have effected with Diarrhea, Dengue. Roads, Railway tracks and Bridges have been washed away and cutoff due to the land slides.

This situation we have to help the People to rebuild their lives from monsoon disaster.

Solution:

In this programme our volunteers Working for rebuild the lives of Floods Effected People , we are collecting Rice bags ,clothes, Snacks ,Medical Kits, Gas Stove for Cooking, Mats, Blankets and Mosquito coils to providing them. They would get relief from Emergency Situation.

Long term impact:

This project will help the families and rebuild lives of people by providing urgent requirements like Wearable cloths, Blankets, Food, Water, Medical Kits, mosquito Coils and Gas Stoves for Cooking ,The government alone will not be able to rebuild the people in this situation so we are helping victims and providing them daily needs to the families.

They would get relief out of family property loses until they become normally of their lives, later emergency situation is overcome, the funds will be utilized for long term reconstruction and rebuilding activities
