PROPOSAL TO ASSIST A YOUNG PIG FARMER

Allis Vivere Foundation is a non for Profit Non-Governmental Organization that focuses on Youth empowerment, through Skill acquisition activities, scholarship opportunities for young indigent students and assistance to determined young entrepreneurs. Our Foundation goes out to reach out to these categories of young ones with the view to give a little helping hand to them.

As part of our corporate responsibility, some of our Staff visited a young Pig Farmer who demonstrated great interest in expanding his Pig farm due to the prolific nature of Pigs. This young farmer has his farm located in the Southern part of Nigeria, Ozoro, Delta State. He was given the plot of land to farm by his uncle temporarily.

Our Particular interest to assist this young farmer, who pleads that his name be retained, is prompted by the fact that he is determined to make a living for himself and willing to support our foundation in training other young entrepreneurs. His antecedents also reveal that he had tough moments growing up.

According to him, he is an only child of his mother who died when he was very young. His father remarried after wards and he was sent out of the home to fend for himself. After years of hardship and struggle, he approached his uncle who decided to give him a plot of land behind his residence to begin a farm. He started with five piglets and now has over 20pigs. He therefore appeals for more assistance to meet the growing NEED of his farm business.

Our foundation, having carefully assessed the level of assistance required for a reasonable expansion, drew up the following budget to assist the young farmer:

- Plots of Land (2): Eight Hundred Thousand Naira (N800,000) = $2,350
- Two blocks of five rooms each (N700,000)= $2,000
- Support for feeding of Animals (N200,000)= $ 600

TOTAL **N1, 700, 000= $4,950 ONLY**

Our hope is to raise funds through our crowd funding channel on Global giving. Our target is to raise these funds within a 6months period from the day the Project is published. This project would have a ripple effect considering that this young pig farmer would be a vendor where more young entrepreneurs would acquire necessary skills to own their farms.

Allis Vivere Foundation, is **TRUE** and **COMMITTED** to her task and vision to put smiles on the faces of many young ones who have lost hope. We do not claim to have all it takes to affect the life of others, but we have you; as such we can. Let's join hands to push someone to success. Live for Others!

12th Oct, 2018.
