HIGHLIGHTS IN PICTURES

From reception of donations, purchase of items, processing, packing, shipping & delivery, to our little patients and doctors, we have strict procedures and controls that you can trust on.

WHAT'S NEXT?

Thousands continue being benefited from FRIENDS!

From **school-age children under Alimentando Futuros'** nutritional meal programs to our **little patients, their families and the doctors at the Jorge Lizarraga Pediatric Hospital**, we continue providing them with the most "basic" supplies to other more specialized and critical items to treat severe cases of malnourishment, infections, illness, and certainly conduct medical tests and surgical procedures.

The **Complex Humanitarian Emergency situation in Venezuela** continue worsening. **6-7 children die every week**. We are humble to receive your support and those from organizations, yet, we still have a lot to accomplish.

Our children in Venezuela still count you and they thank you!
