

PRIYAM GLOBAL LOGFRAME

| Logic of the intervention | | | | |
|--------------------------------|---|---|-----------------------|---|
| Overarching goal | Through improved health, skills, and confidence of mothers of children with disabilities (CWD), ensure healthy lives for women and their families and promote well-being for all at all ages <i>Sustainable Development Goal [SDG] 3</i> | | | |
| | What's our objective? | How will we know? | How will we find out? | Assumptions and external risks |
| Specific objective (SO) | Building on the existing efforts and networks of local service providers, a comprehensive support framework responsive to the needs of mothers of CWD in poverty is established | SO Indicator 1: % of mothers that show an improvement in at least 4 of the screening areas at time of graduation: 80% | | External risk: life events not under the control of the program (death, injury, natural disaster, etc.) |
| | | SO Indicator 2: % of mothers who report that quality of home life has improved (child behavior, partner support, household routines, etc): 80% | Interviews | Willingness and support of local partner and availability of external service providers |
| | | SO Indicator 3: % of mothers' satisfied with the services they received through the program: 100% | Interviews | |
| | | SO Indicator 4: % of mothers whose income level is maintained above the poverty line 6 months after graduation: 60% | Home visits | External risk: local economy, cultural acceptance of women working, etc. |
| Expected results (ER) | ER 1 (Resilience) Mothers feel relief from the intense pressures and stress of poverty and unsupported caregiving | ER 1 Indicator 1: % of mothers who feel more confident in their roles and responsibilities: 90% | Interviews | |
| | | ER 1 Indicator 2: % of mothers with detected health problems who receive treatment: 100% | Monitoring form | |
| | | ER 1 Indicator 3: % of mothers who begin and maintain a small savings fund during the program: 80% | Interviews | |
| | ER 2 (Education) Knowledge of | ER 2 OVI 1: Curriculum produced | Final package | |
