We supported the nutrition of **4,430 children** (3 month average) in 69 communities in San Luis Potosí.

We distributed **97,751 breakfasts**, which consisted of 3 Nutriendo taquitos, a glass of Nutriendo Protein, and half an orange.

We delivered **95,950 Nutriendo protein shake packets** to rural areas beyond the community of Villa de Reyes.

Our volunteers gave workshops promoting the importance of: **healthy hydration, good nutrition, and personal values** in children.

We presented **61 training workshops** focusing on **positive parenting and financial stability** to the parents in our program.

We administered **152 dental consultations** in the kindergartens in our program.

Volunteers from **META, Forvia, L'Oréal, Dräxlmaier, and Parador El Potosino** participated in various improvements and activities in our kindergartens.
