

THANK YOU

On September 2022 Puerto Rico was once again struck by a hurricane that left floods, homelessness, crop failures and emotional scars on the families and communities of PR.

We are grateful to you all for your support after the passing of Hurricane Fiona through Puerto Rico. Certainly without you we could not have achieved so much. Between September and December we were distributing aid to organizations and churches around the island. These partnerships allowed us to distribute and impact thousands of families and communities. We are committed to keep helping Puerto Rico and we are very thankful for your support.
