PPE MEGA DISTRIBUTION PROJECT VII

Puerto Rico Rises and its over 125 allied organizations in PRROA carry out a mega distribution of personal protection equipment (PPE) covering the entire island of Puerto Rico.

Focusing our missions on disadvantaged populations with a high level of poverty, we seek to contribute our grain of sand and avoid the contagion or spread of Covid-19.

The satisfaction is immense to know that we reached those forgotten sectors providing equipment that, many of them, cannot afford, equipment and supplies necessary to protect their lives and their families.

We appreciate the support, dedication and effort of all the organizations that have joined in this project.

Our special thanks to Amazon who provided all these articles that give us the security and confidence of knowing that with their support we can say

“

**WE FULFILLED OUR MISSION
BY GUARANTEEING THAT
HELP AND SUPPLIES
REACHED THE HANDS OF
THOSE WHO NEED IT MOST**

”

HOW WE DO IT

PROJECT DESCRIPTION

- The organizations allied to Puerto Rico Rises (PRROA) are divided into regions.
- Each region has a Regional Coordinator and several Municipal Coordinators that work together on each project to guarantee success, impact reach and minimize duplicity.
- They coordinate through electronic registration the requests of the various organizations by area and PRR requires a Mission Report at the conclusion of each of the missions.
- To belong to PRROA, each organization must register, present documentation, sign an MOU, and comply with the required reports and records according to our policy of transparency.

PROJECT METRICS

- Each organization must submit a Mission Report no later than 7 days after each mission.
- Each Regional Coordinator must submit a Regional Report after each project conclusion.
- These reports request among others:
 - The region, Municipality and Sector impacted
 - Family Unit
 - Demographic Information
 - Supplies distributed
 - Volunteers participation
 - Photos and Videos

TIMELINE OF THE PROJECT

- August 1st - PRROA Supplies / Mission Request Open
- April 15th- Start Distribution
- December 31st - End Distribution
- January 15th - Regional Reports Due
