### Statement to Global Giving donors:

"DOHS, a Darfuri-run 501 ( c ) ( 3 ) public charity (EIN # 90-0644826), wants money to build two buildings containing a total of six classrooms and one teachers' office, plus four latrines with a total student capacity of 150. DOHS knows all about life for Darfuris in Chad, as our own Vice President lived in Farchana Camp from 2004 to 2007. We know from frequent contact with camp leaders that need are dire. That's why DOHS also wants money for 1,400 notebooks, pens and pencils, and two 550 gallon water tanks!"
