REPORT ON HOW OUR MUSIC LEARNERS HAVE IMPROVED IN ENGLISH

We as Meadowsweet combined school educators (staff) would like to state that we have seen a great English improvement in our music learners since Judith started teaching them music.

They are doing very well during English lessons in pronunciation, speaking, learning new words (vocabulary) and their listening skill has improved a lot. Being taught discipline in music has helped them to improve in their concentration in class.

They have gained confidence in using English in class at all times. We are so grateful for everything that Judith has done for our learners. She is so patient with them and they have shown much interest in working with her.

We would love to have her for so many years to come and we hope that in years to come, our learners will be very good English speakers.
