Who
we are

We are People of Action

Rotary is one of the world's largest and most successful global membership and humanitarian service organisations, with 1.2 million members in 35,000 clubs in over 200 countries.

Through membership of a Rotary club, individuals volunteer their time by uniting together to deliver projects in communities at home and overseas. Rotary gives you the platform to turn your ideas and passion for change into action, develop your skills and build lasting relationships.

Reaching out locally and globally

We take pride in our local communities, using our knowledge to tackle the challenges being faced in our areas. Together, we inspire young people with our range of youth programmes, we set up Memory Cafés for those suffering from dementia and we build community spirit through fun events.

Our global outlook also means we're supporting some of the world's most vulnerable people, with Rotary members implementing hundreds of life-changing projects every year around water, education, health and peace. We've also led the campaign to virtually eradicate polio from the world.
