

## SHE CAN CODE INITIATIVE

*The SheCanCode Initiative was built on the foundation of Igire Rwanda Organization which was started in 2016 with the aim of reaching out to youth with the provision of skills and opportunities for growth to ensure they are socially and economically self-reliant.*

*SheCanCode Initiative aims to inspire and develop a successful force of women in technology who will become the future tech engineers to innovate ideas to shape the future of Africa.*

## OUR ACHIEVEMENT

**80** women enrolled for cohort 1 & 2

**96%** graduated

**62%** Employed in tech companies

## WE AIM TO IMPACT

**2000** women by 2020

**400** job opportunities for women by 2020

**700** applicants since 2018
