Historic, Vision and Missions

The Initiative for the Promotion of Rural Health and Development (IPROSARUDE) Asbl is a non-profit association created in 2010 by a group of doctors and agreed by the Government commitment N° 530/772.

Why IPROSARUDE?

In 2010, there was a high rate of deaths in rural areas. The doctors refused to go to work in rural areas. Especially specialized care such as dental and eye care are located in urban zones (more than 80%) vs. rural areas where such services are almost non-existent. This is how the founders, being doctors, considered this situation unacceptable and decided to move in rural areas.

Vision

Every Burundian has access to health center .

Mission

To save lives and improve rural health in general and in particular for vulnerable people through access to quality health care.

Strategic Interventions

IPROSARUDE intervene in 4 axis:

- Improve community health
- Access to quality care
- Support sustainable development
- Improve good governance and knowledge management

Intervention Provinces

IPROSARUDE is a local NGO with a national level. Burundi has 18 provinces which IPROSARUDE is working in 10 provinces.

Regional Offices

IPROSARUDE has 4 regional offices:

Gitega (Gitega, Mwaro and Karuzi)
Kayogoro (Rutana, Makamba and Bururi)
Bujumbura (Bujumbura Mairie, Bujumbura , Bubanza & Cibitoke)
