The work is worthy.  
The impact is lifelong.

If the idea of ending child homelessness is too overwhelming, just help us end this child's homelessness.

# Homeless isn't hopeless.

For kids living alone on the streets, HALO represents far more than food and shelter. It represents the day their entire life changes, because the children and teens we work with don't just exceed expectations, they defy the odds.

That's because HALO offers kids who only know a life of broken homes, dreams, and hearts, the foundation of a family - an all-in commitment focused on reversing the toll taken by the physical, emotional and mental burdens carried by homeless kids.

Here's how we are changing lives.

## HOUSING

More than a safe place to go, HALO houses give kids a safe place to grow.

## HEALING

Through therapeutic art, our kids are able to process their past and imagine their future as HALO supports healing holistically, through counseling sessions, medical check-ups, life skill courses.

## EDUCATION

For kids used to being on their own, a little support through tutoring, college prep and scholarship programs goes a long way.
