“Salud Visual, Alimento de Luz”

GlobalGiving

April – June 2021

Thank you

We rarely have the availability, the time and the possibility to think and do something for others.

We are currently facing difficult times, even more evident in countries like Mexico, that is why we want to thank you for your donation and for trusting in our institution, together, we have the possibility to help visually impaired seniors, to have access to ophthalmologic health services that allow them, through surgery, the opportunity to improve their visual quality and thus face the last years of their lives with dignity.

We would like to thank our recurring donors and to all those who every day add to the cause with their valuable contribution.

We are proud to say that in this quarter we have supported 35 elderly people to undergo surgery. It is for this reason that, with your support, we will continue our work for the benefit of those who need it most.

Thanks to your donation, Mr. Vicente was able to have his surgery.

Mr. Vicente is 80 years old, he is originally from Miacatlán Morelos, a municipality located approximately two and a half hours from the Cuernavaca city, he lives alone with his two daughters, who take care of him and the family expenses.

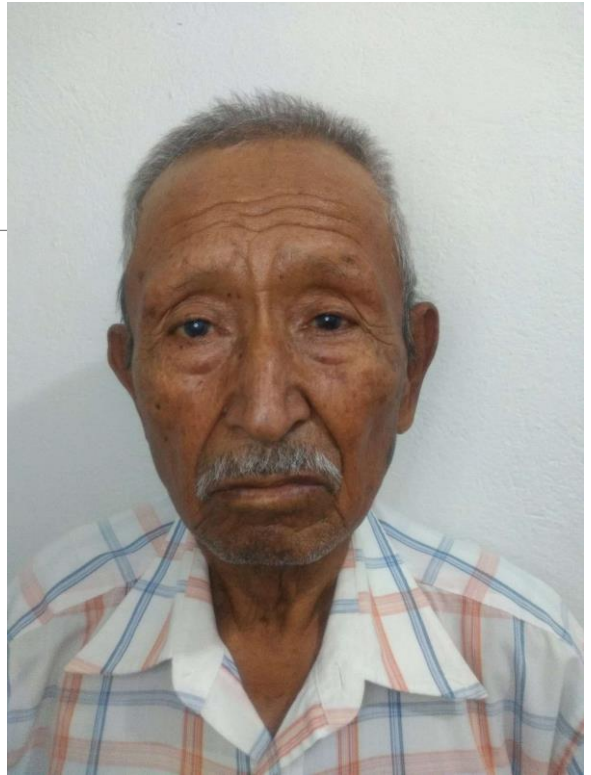

Mr. Vicente stopped working some time ago due to problems related to his age, he hears very little, in the clinic he was diagnosed with senile cataract in both eyes, his vision was very diminished, he only counts on the economic support that the government gives him for being a senior citizen.

Thanks to the donations received through the GlobalGiving platform, Mr. Vicente was operated on April 29, 2021, surgery that will allow him to improve his visual quality and enjoy the last years of his life in a dignified way.

Vicente

I appreciate the support you gave us for my dad's surgery.

I don't have enough money to pay for my dad's surgery, that's why, with your support, my dad will have the opportunity to get his sight back.

Agradecemos por el Apoyo que nos brindaron
Para la cirugía a Mi papá
Puesto que no contaba con el Dinero
Suficiente para La cirugía
Y gracias al Apoyo que nos dieron
Mi padre tendrá la oportunidad
de recuperar la vista
Muchas gracias por todo

I want to thank you for your support, the cost of the surgery was beyond my means.

Thanks to your contributions through this institution, people like me, with visual problems and without family support, can access surgeries to continue with our activities.

Thank you very much and God bless you.

Por este medio quiero agradecer su Apoyo economico ya que en muchas ocasiones sale de nuestro presupuesto el costo de mi cirugía gracias por haber personas que comparten con esta institución que apoya a personas como yo carentes de visión para poder seguir en nuestras actividades ya que habemos personas como mi caso que vivimos solos y tenemos que valernos por nosotros mismos.

Muchas gracias - y que Dios los llene de bendiciones.
