"Salud Visual, Alimento de Luz"

The Association Rehabilitation Centre for the Blind, on behalf of the beneficiaries, thanks the support to all the people who have made it possible for the dreams of seventeen people to become a reality. A heartfelt thank you to all the people who supported the cause.

Mr. Ramón

Mr. Ramón lives in Yecapixtla, Morelos, a town far from the city. His two-room house is on loan and access is very difficult. He lives with a daughter who takes care of the home and his daughter-in-law who doesn't work because she has a diabetic foot. Mr. Ramon was diagnosed with vitreous hemorrhage and senile cataract in July 2019. His visual ability was 20/400 in the right eye and in the left eye he sees hand movement. After the surgery, he recovered the visual capacity in the right eye to 20/40. ACREC and charitable donations through GlobalGiving made it possible for him to improve his quality of life in relation to visual functioning.
